MEMORANDUM

To: Honorable Chairman and Trustees

From: Tim Lyon, General Manager/Administrator

Date: January 5, 2021

Subject: Discussion and consideration of establishing guidelines for the remainder of the FY 2020-2021 Hospital Authority Community Grant Program funds not utilized during the 2020 COVID-19 Small Business Disaster Recovery Program.

The COVID-19 Pandemic arrived in Oklahoma in early 2020 creating unforeseen hardships that changed the way many establishments conduct business. Government restrictions forced some to curtail operations or to shutter their doors altogether. Those who remained open often found it challenging to attract and retain sufficient labor necessary, even for a shrinking customer base.

The Midwest City Hospital Authority’s ("Authority") Board of Grantors ("BOG") last July launched its first COVID-19 Small Business Disaster Recovery Program. It focused solely on all businesses directly affected by Governor Stitt’s Executive Orders. The amount of individual awards ranged from $1500 to $4000, depending on the nature and ownership of the business. The program wrapped up in September after issuing approximately $93,000 in grant awards leaving $340,590 of the total $433,090 budgeted.

Staff recommends the following options:

1. Take no action and the balance will roll into the available funds for next fiscal year;

2. Use the remaining funds for the traditional Community Grants; or

3. We do a second round of the Business Relief Recovery Program. The pandemic continues to haunt many of our valued businesses. This is especially true for “sit down” restaurants without drive-thru capabilities, along with entertainment venues and hotels. The attached business assistance campaign is being suggested by staff in order to render more aid to these establishments. The suggested categories include: Independent Dining Establishments, Franchised Dining Establishments, Hotels, and Amusement Venues. For this option, please direct any question to Robert Coleman, Director of Economic Development at (405) 739-1218.

Program Description

The COVID-19 Pandemic arrived in Oklahoma in early 2020 creating unforeseen hardships that changed the way many establishments conduct business. Government restrictions forced some to curtail operations or to shutter their doors altogether. Those who remained open often found it challenging to attract and retain sufficient labor necessary, even for a shrinking customer base.

The Midwest City Hospital Authority’s (“Authority”) Board of Grantors (“BOG”) last July launched its first COVID-19 Small Business Disaster Recovery Program. It focused solely on all businesses directly affected by Governor Stitt’s Executive Orders. The amount of individual awards ranged from $1500 to $4000, depending on the nature and ownership of the business. The program wrapped up in September after issuing approximately $93,000 in grant awards.

The pandemic continues to haunt many of our valued businesses. This is especially true for “sit down” restaurants without drive-thru capabilities, along with entertainment venues and hotels. This business assistance campaign has been reformulated to render more aid to these establishments.

We have just over $300,000 remaining for the program. Applications will be accepted and funds will be distributed to businesses falling into the following four categories:

**Independent Dining Establishments:** Defined as a legally operating, privately owned single unit Midwest City-based restaurant without a drive-thru window and with indoor seating for at least twelve (12) customers.

**Franchised Dining Establishments:** Defined as legally operating, Midwest City restaurant that is privately owned by an Oklahoma-based company and/or a franchisee with residency or a home office in Midwest City. Subject location may not have a drive-thru window and must have indoor seating for at least twelve (12) customers.

**Hotels:** Hotels and Motels legally operating in Midwest City that are not in arrears on their lodging taxes.

**Amusement Venues:** Bowling alleys, movie theaters, skating rinks and other similar legally operating interactive assembly and amusement places open to the public at least forty (40) hours per week.

Only one application will be accepted from any businesses operating under the same roof.

The Authority, under recommendation by the BOG, will determine how much funding will be allotted to each category. Funds will be divided within each category according to the total number of applicants versus the physical size of the business as compared with other applicants within the same category.

We will begin taking applications on January 8, 2021 with a January 25, 2021 deadline by which all applications must be remitted. Defective applications must be corrected within three days of submittal.
