Bond Overview

1) Bonds Are Sold
For each proposition approved by voters, General Obligation Bonds are sold incrementally. The projects in each proposition are capital improvements that are meant to improve infrastructure and quality of life. This can include street repairs, parks, public safety equipment, public facilities, etc. The funds cannot be used for operational costs once the project is built.

2) Funding Received
Bond funds are dispersed to the City for the approved propositions, in order of necessity. The order is selected by city planners, based on the needs of the community as a whole.

3) Repaid Over 25 Years
Repayment of the bond occurs over a 25 year period. This repayment is done through a millage on property taxes within Midwest City.
G.O. Bonds must meet these requirements.

- 50%+ Voter Approval Required
- Projects are grouped into different Propositions
- Funding is paid back through property taxes
