To: Honorable Mayor and Council
From: Guy Henson, City Manager
Date: June 11, 2019
Ref: Proposed Operating and Capital Budgets for Fiscal Year 2019-2020

Presented herewith are the proposed operating and capital budgets for Fiscal Year (FY) 2019-2020. In all, they represent expenditures of nearly \$177,498,109 which includes \$50,855,484 of inter/intra fund transfers. The City's operating budgets seek to reflect and implement the City's Mission Statement, "It is the mission of the City to maximize the quality of life for our citizens through professional services, proper management of existing resources and appropriate planning."

Overall: The FY 2019-2020 General Fund reflects a 4.37% increase in sales and use tax revenues over our budgeted sales and use tax revenues for FY 2018-2019. We project total General Fund Revenues to be \$37,886,179. Of this total revenue, \$9,767,831 is transferred to the Police Dept., \$7,817,940 is transferred to the Fire Dept., and \$8,443,066 is transferred to Capital Improvement Revenue Bonds. The balance is used to fund various general government Depts. such as Streets, Neighborhood Services, Finance, Parks & Recreation, Information Technology, Emergency Response Center (9-1-1), City Clerk, and Human Resources.

Quality of Life/Parks/Events: As we continue to compete with other communities in the metropolitan area, it is important that we undertake programs and projects that enhance the quality of life in our community. Special events are very valuable in building community identity. The following are those events which help make us a great community:

- Made in Oklahoma Festival
- Mid-America Street Fest
- Fourth of July Tribute to Liberty
- Tinker Inter Tribal Council Pow Wow
- Mommy/Son Beach Party
- Daddy/Daughter Dance
- Family Fun Fridays
- Cruise in for Coffee
- Veterans Day Parade
- Martin Luther King Prayer Breakfast
- Holiday Lights Spectacular
- Christmas Tree Lighting
- Storyland Christmas
- Covered in Color
- Trick or Treat City
- Splash N' Dash
- Catfish RoundUp

In support of our active neighborhood associations and other needs within the community, the City will continue the services offered at the Charles J. Johnson, Neighborhood Services offices and at the Neighborhoods In Action Office. This year, in conjunction with the Boy's and Girl's Club of Oklahoma County, we will continue to offer a year-round program at one location in Midwest City.

Economic Development: Economic development initiatives across a broad spectrum will continue in FY 2019-2020. As in the past, the City will support the Midwest City Chamber of Commerce's efforts in organizing and implementing Tinker and The Primes, a requirements symposium, held at the Reed Center. The symposium connects businesses and government agencies in the aerospace industry. The City's Economic Development Director (the Director) is working actively on other development opportunities including Solider Creek Industrial Park, the S.E. 29th Street corridor east and west of Douglas Blvd., and Heritage Park Mall.

The Director also continues to promote retail, office, and industrial-development opportunities throughout the City. We look forward to the opening of the new Warren Theatre and Andy's Altitude 1291 as new entertainment venues for Midwest City and eastern Oklahoma County. We also expect several new restaurants to be built in the Sooner Rose Area during the upcoming year.

Police Department: The FY 2019-2020 Police operating budget will be \$14,949,281. This includes a transfer of \$700,000 into the Police Department's Capital Outlay Fund with budgeted expenditures of \$811,694. The FY 19-20 proposed budget includes funding for the new School Resource Officer at Carl Albert High School and two additional police officers.

Fire Department: The FY 2019-2020 Fire Department operating budget will be \$11,699,824. This includes a transfer of \$250,000 into the Fire Department's Capital Outlay Fund with budgeted expenditures of \$434,405. Three new firefighters will be added to the current workforce of 80 in the 2019-20 fiscal year.

Streets: Implementation of the street portions of the G.O. Bond Issue will begin in earnest this fiscal year. The focus of the G.O. Bond Issue is on residential streets. Two arterial street projects will also begin this fiscal year to include reconstruction of S.E. 29th Street between Douglas and Midwest Blvd. and roto mill and overlay of Douglas between N.E. 10th and Reno Ave. These two projects have significant ODOT funding.

Trails and Sidewalks: In our efforts to improve connectivity through bike and pedestrian facilities, sidewalks and trail projects will continue in FY 2019-2020. Arterial street projects will incorporate sidewalks. The Solider Creek trail north to Mid-America is scheduled for completion this fiscal year. The Palmer Trail should also be constructed in this fiscal year.

Health Benefits: The City's self-funded Health Plan is a very important component of our overall benefits package. As in the past, the City pays 100% of the Dental and Life Insurance premiums for all active employees. The City's wellness program continues to benefit our employees through education, activities, and programs designed to promote a healthy workforce. The retiree's share of the health insurance premium was increased to 60%, which is the last increase recommended by the Retiree Health Insurance Council Committee from several years ago.

Salary and Benefits: This year's budget provides for merit increases and these are included in the budget numbers for each department. In addition, the budget numbers include a 3% cost-of-living. Final determination on the amount of COLA will be determined July 15, 2019 after the City fiscal year 2018-2019 budget is reconciled.

Midwest City Memorial Hospital Authority: The Midwest City Memorial Hospital Authority (Hospital Authority) investment value as of April 30, 2019 was \$103,481,548. The budget proposes \$458,497 in grants.

Cost Increases: We will continue to closely monitor all our sources of revenues and expenditures. The City Manager's Report, presented once a month in the City Council Agenda, provides a report by Fund on the current financial condition of the City and its Trusts. To date, the City Council has approved a rate increase for commercial sanitation effective May 1, 2019. In addition, as part of a five-year effort to stabilize funding for the Water Dept., there is a \$0.50 increase to the minimum rate of 0-2000 gallons, and a \$0.05 increase for each 1000 gallons over the minimum rate. A wastewater rate increase will be recommended during the next fiscal year.

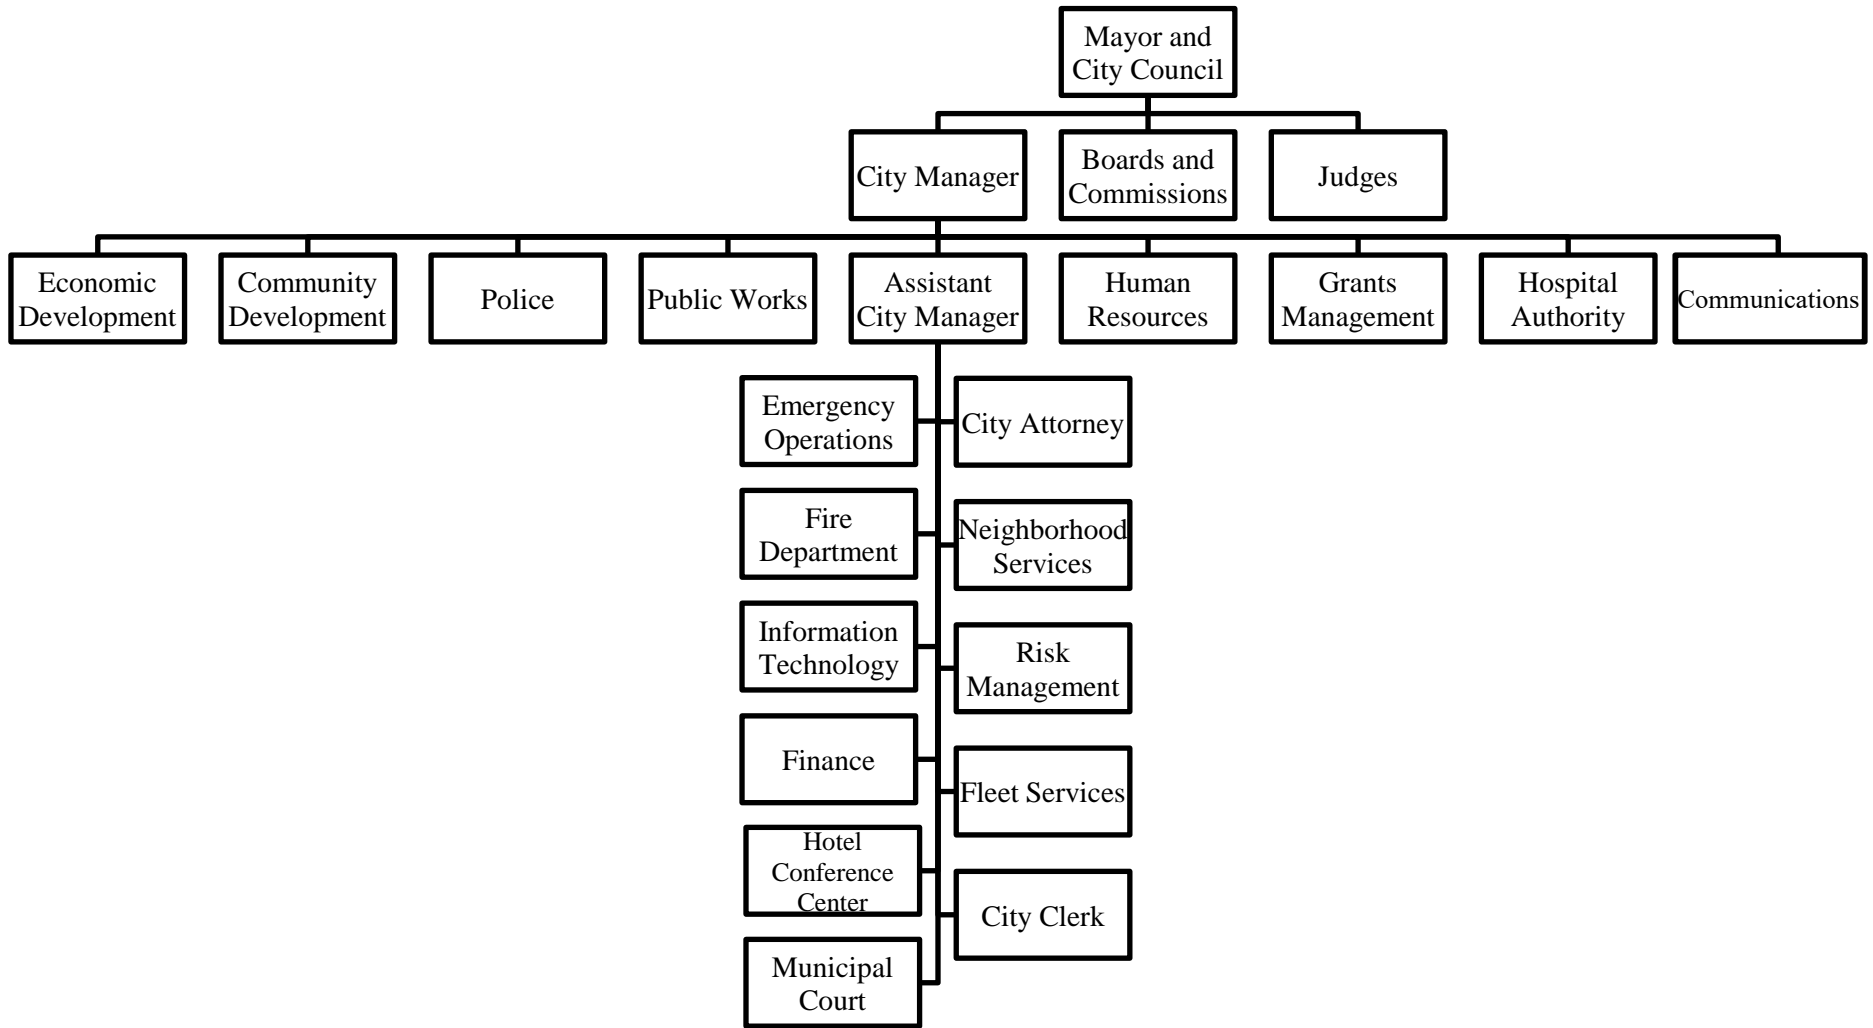

G.O. Bond Issue: Two of the three bond issues have been awarded by the City for a total amount of \$37,250,000. The balance will be issued in the fiscal year 2019-2020. It is expected that a significant amount of street work will be accomplished this year. As a number of public safety projects were bid in fiscal year 2018-2019, we expect many more to be done this year including the animal shelter which should be under way later this year.

Summary: The new sales tax income provided by the .75 increase has provided significant relief to Police, Fire and General Funds. It has accomplished the objectives of maintaining appropriate Fund balances, while also enabling the City to deliver core municipal services. It will be critical for the City to guard against significant cost increases if it hopes to preserve Fund balances and core services until 2025, when the Water Resource Recovery Facility's earmarked sales tax ends.

As has been the practice in this community for many years, City administration will continue to closely monitor our local economy as well as those in our sphere of influence. In addition, to pursuing new economic development opportunities it is equally important to preserve and strengthen our existing businesses. All of this is critical if the City is to continue providing the level of municipal services our residents deserve and to support its highly qualified workforce. Even though each year brings new challenges, by working together these challenges can be met and the community made a better place in which to live and work.

J. GUY HENSON, AICP, City Manager

The Midwest City budget is prepared following a schedule and mandated requirements. This discussion is presented to help the reader be aware of and better understand these requirements.

The Oklahoma Municipal Budget Act of 1979 requires compliance with several guidelines. Included are:

1. A budget that discloses the complete financial position and condition of the City must be prepared and submitted to Council at least thirty days prior to the beginning of the fiscal year.
2. The budget must contain a summary, a message from the City Manager and a description of important budget features. Actual revenues and expenditures for the immediate prior fiscal year must be included along with revenues and expenditures for the current year; an estimate of the revenues and expenditures for the upcoming fiscal year must be included.
3. The estimate of revenues and expenditures must be accounted for by fund and account. The budget of expenditures for each fund may not exceed the estimated revenues and fund balance. No more than 10 percent of the total budget for any fund may be budgeted for miscellaneous purposes (e.g. contingencies and reserves).
4. No later than 15 days prior to the beginning of the budget year, the Council must issue a notice and hold a public hearing on the proposed budget. The date, time and place of the hearing along with a summary of the budget must be published in a newspaper of general circulation no less than five days before the hearing.
5. After the hearing and at least seven days prior to the beginning of the budget year, Council must adopt the budget by resolution.
6. The adopted budget must be filed with the State Auditor and Inspector and the Municipal Clerk. The adopted budget becomes effective on the first day of the fiscal year.
7. Any taxpayer may protest the adopted budget 15 days after it is filed; if no protest is heard, the budget is deemed legal and final unless amended by the Council by resolution.
8. No expenditures or encumbrances may exceed 90 percent of the appropriation for any fund until revenues in an amount equal to at least 90 percent of the appropriation for the fund are collected.
9. General obligation operating debt and deficit spending are prohibited. Midwest City's debt service requirements are, therefore, budgeted in a Debt-Service Fund. Revenue bonds may be issued by Trusts, while voter-approved general obligation bond issues may be used to finance specific capital projects.
10. The Municipal Budget Act also allows cities to transfer funds from one department to another within a fund. The governing body, by resolution has transferred authority to the chief executive officer or his designee as allowed by Title 11, Section 17-215(a) of the Oklahoma State Statutes. All transfers within a department and or fund are approved by the city manager.

The Municipal Budget Act does not apply to Authorities.

BUDGET FORMAT

The budget for the City of Midwest City contains financial summaries, revenue and expenditure summaries, the capital budget and departmental summaries. The departmental summaries provide a breakdown by classification (Personal Services, Benefits, Materials and Supplies, Other Services and Charges, Capital Outlay, Debt Service and Fund Transfers) and a position classification listing for the department as a whole.

Operational budgets for the organization have goals and objectives. Goals are broad, general statements of the department's desired social or organization outcomes.

ACCOUNTING BASIS

The City of Midwest City's budget is best characterized as being developed on a cash basis with the exception of utility receivables. The budget is adopted at the department level as allowed by Title 11, Section 17-215(d). The operating budget is an estimate of revenues and expenditures for one fiscal year. This is in conformance with the Oklahoma Municipal Budget Act which does not allow the cities to incur operating fund obligations for more than one fiscal year.

The Oklahoma Municipal Budget Act requires that municipalities adopt an annual budget. General obligation operating debt and deficit spending are prohibited. Midwest City Debt Service requirements are budgeted in the Debt Service Fund. Revenue bonds may be issued by Trusts, but not by the City Council. Voter approved general obligation bond issues may be used to finance specific capital projects.

MIDWEST CITY 2019 – 2020

Midwest City was founded by W. P. "Bill" Atkinson in 1941, when he found out that an Air Depot (later to be named Tinker Field) would be built in the area of land that he had acquired. After meeting with Air Force officials he found that the Air Depot would be built south of Southeast 29th Street and that their feelings were that a complete town with shopping centers, schools and churches would be needed rather than just temporary housing. Mr. Atkinson then hired Steward Mot, a master land planner. Ten years later Midwest City was chosen "America's Model City."

The Town of Midwest City was incorporated March 11, 1943 by the Board of County Commissioners. An election was held on January 4, 1943. The population at that time was 366 people - the vote for incorporation was 44 for, 0 against. The area incorporated was 211.7 acres (about 1/3 of a square mile). On August 19, 1948 the first City Charter was filed changing the Town of Midwest City to the City of Midwest City.

The City of Midwest City, the eighth largest city in Oklahoma, now covers approximately 25 square miles and has a 2020 projected population of 57,371 people.

The City of Midwest City is a well-rounded city providing the needs of a community, such as education, shopping centers, recreation facilities, medical facilities, churches and quality city government.

Midwest City is a Council-Manager type of government and provides services such as public safety, water, sewer, garbage and trash removal, and recreation facilities.

The City has 725.7 lane miles of streets with only one-half mile that is unpaved.

Midwest City's diverse economic base has helped the city weather the drastic blows to the State's mainstay oil and agricultural economy. Some of the larger employers in the area are Tinker Air Force Base, Rose State College, Alliance Midwest Medical Center, Boeing, Century Inc., and Mid-Del School System.

Midwest City is located approximately 10 miles from downtown Oklahoma City, which is the largest city in Oklahoma, and also broadens Midwest City's cultural environment for theater, concerts and other forms of entertainment.

**PROGRAM DEVELOPMENT**

The Community Development Department consists of several city functions. These include Current Planning, Comprehensive Planning, Engineering, Building Inspections, Geographic Information Systems and Building Maintenance.

The Current Planning Division is responsible for the review of subdivisions, zoning, signs, building permit applications, Board of Adjustment applications, and other development-related matters. Current Planning is also involved in developing and coordinating, through appropriate boards/commissions, proposed changes to the city's development policies, procedures, and regulations.

The Comprehensive Planning Division is responsible for long-term planning efforts of the city. Current efforts include compliance with the Comprehensive Plan, North Oaks Plan Implementation, Original Square Mile redevelopment, Innovation District Plan, Trails Master Plan, special planning areas, neighborhood redevelopment, and continuing assistance with the zoning and subdivision applications for compliance with regulations.

The Engineering Division is responsible for reviewing and inspecting those elements of land development that ultimately come under control and ownership of the city. Typically these include water and sewer lines, drainage structures, and streets. Engineering is involved in the review process of all new development proposals, i.e., building permits, subdivisions, and is responsible for administering the city's floodplain management program and ADA Transition Plan. It also prepares construction plans for small improvement projects and provides technical and inspection services to other city departments. Engineering is principally responsible for the acquisition of easements associated with public construction projects undertaken by the city. Engineering also works with Comprehensive Planning and the GIS Coordinator in utilizing computer-aided drafting to prepare maps in the development of the city's Geographic Information Systems (GIS).

The Building Inspections Division is responsible for administering and enforcing the city's building-related codes. These codes include building, electrical, plumbing, mechanical, and existing structures. These codes are applied to new construction, remodeling, and day-to-day repairs to existing structures. In carrying out these functions, Building Inspections reviews building plans, performs field inspections of work, and issues notices and subsequent filings in Municipal Court when compliance cannot be secured for violation of ordinances and regulations. The licensing of the various trades is supervised by Building Inspections. As needed, it also works with other departments in correcting problems in these areas. Building Inspections also manages the

custodial requirements for the Municipal Building, Police Department, Fire Station Headquarters, and Municipal Court.

The Geographic Information Systems (GIS) Division is responsible for developing, organizing, and managing the city's GIS activities. This division continues to work with every department to gather information and distribute the data and deployment of spatial analysis and mapping capabilities enterprise wide through a web-enabled viewer. The division will continue to provide technical expertise and supervision for day-to-day implementation and operation of the GIS activities.

**2019-2020 GOALS AND OBJECTIVES:**

1. Continue to improve our quality of customer service through staff development as well as technical development.
2. Continue to provide staff support to City Council, Memorial Hospital Authority, Traffic and Safety Commission, Planning Commission, Board of Adjustment, Builders' Advisory Board, Park Land Review Committee, Sidewalk Committee, Capital Improvements Program Committee, Americans with Disabilities Act Committee, and various building trade boards.
3. Coordinate implementation of Capital Improvement projects consisting of streets, drainage, water, and sewer infrastructure, by providing overall management, surveys, drafting,

technical review, inspection, and contract administration.

4. Continue the development and organization of the City's Geographic Information System.
5. Continue to engineer, manage, and administer projects utilizing existing staff whenever feasible.
6. When cost effective, utilize private contractors to perform work instead of adding permanent staff.
7. Replace worn out operating equipment to increase efficiency and productivity.
8. Continue to digitally scan and file all address and building files, "as-built" and construction drawings, PC cases, Short Form Plats and easements so they may be integrated into the GIS.

10. Continue to work with regional planning agency to develop Commuter/Light Rail Plan.
11. Continue to work on the development of Soldier Creek Industrial Park.
12. Neighborhood Stabilization Program – Construct single family houses as infill housing focusing on foreclosed/abandonment risk areas.

13. Coordinate the “Self Evaluation” and the development of a “Transition Plan” identifying all issues concerning Section 504 of the American Disabilities Act within the public rights of way and public buildings.
14. Continue to design and coordinate sidewalk projects.
15. Provide both data & mapping support during the implementation of external systems including a new CAD/RMS for Emergency Services and a GIS-based work order system for Public Works.
16. Continue the implementation and maintenance of the Sooner Rose Project(s).
17. Continue the administration, design, and construction of Safe Routes to School Trail Grant, SE 29<sup>th</sup> Street Trail Grant, Palmer Loop Trail Grant, Rail to Trail Grant and Mid America Trail Grant.
18. GO Bond project implementation including the Animal Shelter, Original Mile OM Park, Mid-America Park and the Booster Station along with others.

**DEPARTMENT: MUNICIPAL COURT (12)**

**PROGRAM DESCRIPTION**

The Municipal Court is the judicial branch of city government and must maintain the independence of the Judiciary while strengthening relations with the citizens and the other branches of government.

The fundamental purpose of the Municipal Court is to provide an impartial forum for citizens, due process procedures and a commitment to administering justice in a fair, efficient, and timely manner.

The Municipal Court is tasked to provide an impartial forum for citizens to be heard in a professional and just environment on matters related to possible violations of city ordinances.

The Municipal Court is responsible for case management, collection of fines, fees, and state costs; filing citations/complaints; docket scheduling; issuing, tracking and clearing warrants; maintaining court records of collections, convictions, and statistical data.

**MUNICIPAL COURT:  
STAFFING / PROGRAMS**

During fiscal year 2018-19, the Municipal Court was staffed by three full-time clerks and two part-time clerks; the Deputy Court Clerk; the Court Administrator; the Prosecuting Attorney who works with both the municipal court (1210) and Risk Department (202); four part-time judges and one alternate judge and Part-Time (on call) Prosecutor, for the criminal, environmental and juvenile dockets. Staffing duties have changed significantly due to the Court Administrator overseeing the Juvenile Dept. as

well as the Municipal Court; therefore delegating more duties to the Deputy Court Clerk and others.

**2019–2020 GOALS AND OBJECTIVES**

**MUNICIPAL COURT:**

1. Prudent use and management of resources, property and funds judiciously and solely in accordance with prescribed legal procedures. Provide judicial administrative assistance and support to all the Municipal Judges.
2. Fully utilize and work to upgrade the court management software to allow improved statistical reporting for auditing purposes.
3. Promote relations with Police Records, Jail, Property Room, Police Laboratory and the Warrant Officers. Provide “individualized” training program for Jailers on Court Management Software.
4. Promote the growth and development of court operations through continued education provided by the Oklahoma Municipal Court Clerks Association, the Oklahoma Municipal Judges Association, the Oklahoma Municipal Attorneys Association, and internal training opportunities provided by the City.
5. Improve efficiency and reduce costs of recovery of unpaid fines and fees and further enhancements to assist the warrant tax intercept program.
6. Ensure that the Court is compliant with developing case law with regards to incarceration and fines.
7. Ensure ordinances reflect changes in state law.

**FUND: GENERAL (010)**  
**DEPARTMENT: NEIGHBORHOOD SERVICES (15)**

**PROGRAM DESCRIPTION**

The Neighborhood Services Department consists of a Department Secretary, five full time Code Officers, three Neighborhood Initiative Coordinators, Lead Code Officer, Neighborhoods In Action Coordinator, Community Outreach Technician, and a part-time Community Service/Truancy Technician all under the direct supervision and guidance of the Neighborhood Services Director.

The purpose of this department is to combine the efforts of the sub-divisions to function in a more efficient, productive and organized manner in dealing with quality of life issues. No single division can solve the complex social problems alone. A combined effort from all divisions of Neighborhood Services and Police CAO division will help restore the safety to our neighborhoods and allows all the divisions to coordinate for special emphasis projects, target houses and to accomplish a special task.

**Code Enforcement:**

The Code Enforcement Division consists of five full time Code Officers and a Lead Code Officer. The intent of this division and its officers is to enforce codes and ordinances adopted by the City's elected officials that are not enforced through the Fire Prevention Bureau, Building Officials or Police Department. Actions taken by these officers interact with each of these other local enforcement agencies, in addition to county and state agencies, and closely support their efforts.

The Code Enforcement Division is responsible for the enforcement of City ordinances, which pertain to childcare facilities, litter, nuisances, tall grass and weeds, peddlers/solicitors. Code Enforcement is also responsible for the

enforcement of zoning and Property Maintenance. The efforts of these officers help to eliminate acts or conditions that are offensive, annoying or damaging to the public. The Code Enforcement Office is often called upon to assist other agencies that are trying to correct violations of ordinances, regulations and laws. This effort improves the services that are provided to our citizens by each of these agencies.

Many of the ordinances enforced by this office reduce fire and safety risks to the public. Through their actions, these officers also help keep Midwest City an attractive community for visitors, homebuyers and business investors. Their actions help maintain property values for all Midwest City property owners. The quality of life within Midwest City is directly influenced through adoption of appropriate codes and ordinances as well as their enforcement. Strong support for this division and its officers has proven to be of best interests.

The Code Enforcement Division is responsible for the enforcement of the International Property Maintenance Code, which pertains to the exterior of existing structures. They also enforce the zoning ordinances, prepare documentation for procurement of demolition and clearance of dilapidated properties, as well as manage contracts and monitor demolition activities. Code Enforcement manages and implements the Operation Paintbrush program, which includes loaning the needed equipment and organization of the volunteers to assist those in need of assistance.

Through the enforcement of the International Codes and the Operation Paintbrush program, the housing stock of Midwest City should not deteriorate. Nice looking homes improve the neighborhood appearance and in return increase the property values and attractiveness of the community.

### **Neighborhood Initiative:**

The Neighborhood Initiative Division consists of three Neighborhood Initiative Coordinators. The intent of this division and the coordinators is to serve as a catalyst for our neighborhoods. The coordinators are to identify the needs of families living in an area and link them with a particular program or agency, which can be of assistance. They also help form neighborhood associations, watch groups and similar aids. They attempt to provide services which may be unique to a particular area or need. Neighborhood Initiative also provides ready access or a contact with City Hall.

Neighborhood associations act as a stabilizing force in a neighborhood by bringing people together to address their needs, problems or issues. Neighborhood Initiative works to support the associations and to promote programs like Citizens on Patrol and Neighborhood Watch. Neighborhood associations become a partner with our City and help us build strong relationships with our citizens and encourage involvement in their community.

Through problem solving together, they encourage our citizens to make their neighborhood more enjoyable. They are building bridges through partnerships, trust and respect that gives, hope, strength and an overall healthy, attractive and safe environment for our residents. This process has proven to increase the property values and the attractiveness of our community.

### **Community Action Officers:**

The Community Action Officer Program consists of three Commissioned Police Officers that work out of the Police Department Patrol Division and are assigned to work closely with Neighborhood Services. The intent of this program is to work with the citizens of Midwest City dealing with quality of life issues and problems that are normally handled on a quick fix basis. Community Action Officers help solve problems on a long-term basis by using traditional and non-traditional police

methods by developing partnerships with citizens of Midwest City. Community Action Officers are able to devote as much time as needed to problems since they are not used for manning purposes and do not normally respond to calls for police services.

The Community Action Officers also work closely with City/County Health, Child Protective Services, as well as most of the departments within the City when dealing with individual residences needs, and other quality of life issues. Community Action Officers enforce all criminal and traffic violations as well as working issues that are not necessarily of a criminal or traffic related nature. The quality of life issues are normally not criminal or traffic violations.

The work of the Community Action Officers dealing with quality of life issues as well as many other problems not criminal or traffic in nature helps improve the quality of life for the citizens of Midwest City. By working closely with the other departments within Midwest City, these quality of life issues are solved on a long-term basis. The Community Action Officers interaction with the citizens in Midwest City has fostered good relationships between the City of Midwest City and the citizens we serve. This relationship has helped to decrease crime in the majority of the high crime areas which has helped increase property value, as well as making Midwest City a safer place to live.

### **Neighborhoods in Action Program:**

The Midwest City Neighborhoods in Action Program is an adapted continuation of the Department of Justice Weed and Seed Program that Midwest City had implemented for 5 years. Programs will continue to focus on neighborhoods and residents located in the original 5 square mile weed and seed target

area. A renovated community facility, located at 1124 N. Douglas Blvd. (formerly fire station no. 4) will house the program along with the Community Action Agency of Oklahoma City and Oklahoma/Canadian Counties, Inc., as their Midwest City District Office.

Programs and activities to be implemented from the Neighborhoods in Action Center includes, After School Homework Assistance Program, Community Service/Truancy Management Program, Neighborhood Housing Information/Referrals, Summer Youth Camp, Student Internship Program and Faith Based Coalition/Transformers Program. Other activities sponsored by the center include the Volunteer Income Tax Assistance (VITA) Program, AARP work site training and community wide events. Future activities include computer literacy, career search activities and senior programming. The facility also provides meeting space for Dana Brown Cooper Head Start.

The Community Action Agency of Oklahoma City and Oklahoma/Canadian Counties, Inc. – Midwest City District Office provides social service assistance to residents in the form of referrals, utility and food assistance, Weatherization Program, transportation/bus tokens, Christmas assistance, neighborhood assistance/graffiti removal and senior services.

### **2019-2020 GOALS AND OBJECTIVES**

1. Continue support for active neighborhood associations.
2. Continue a proactive approach in Code Enforcement.

The mission of the EOC is to serve as the communications link between citizens and the public safety and to provide fast and accurate activation of public safety and support agencies.

In addition, the EOC monitors potential threatening weather and utilizes the public outdoor warning notification system to warn citizens of threats created by natural and man made disasters. The Emergency Operations Center serves as the command

The EOC recognizes that service is our number one priority to the citizens as well as response agencies that we dispatch. We will always strive to increase our efficiency by providing continuing professional education and training of our communication specialist staff. Training records for each employee are kept in order to document all training goals are met annually.

We also recognize that our strength and success is tied directly to the individual and unique contributions of each employee working in a spirit of cooperation and teamwork with our public safety associates both within and outside of the Emergency Operations Center. **STAFFING/PROGRAMS**

The Midwest City Senior Center provides classes, activities, and programs for anyone fifty-five and over Monday through Friday. Activities include: exercise classes, tai-chi, painting, line dancing, woodcarving, quilting, bingo, bible study, gospel music, weekly movies, card games, dominoes, and *much* more. The Senior Center hosts SIX dances per week.

In 2018, The Senior Center hosted their 2<sup>nd</sup> Annual Health and Information Fair with representatives providing information about various health care services. Many vendors offered information pertinent to seniors. The Center also offers monthly field trips to venues and activities such as OKC Dodgers games, the Oklahoma Museum of Arts, the Oklahoma State Fair, the Chickasha Festival of Lights, and many other restaurants and destinations throughout Oklahoma.

Our seniors ended 2018 with a New Year's Eve dance to celebrate Grand Room renovations featuring two live bands and BBQ! The attendees danced the night away on the *new* dance floor.

The Senior Center provides approximately 6,500 services and activities per MONTH to seniors in the Midwest City area. Weekly meals from the Oklahoma County Senior Nutrition Program each weekday and homebound meal delivery are provided to over 100 seniors daily.

In 2019, The Senior Center will be furthering its programming by adding new activities to include arts and crafts, an Alzheimer's care and support group, and great new trips throughout Oklahoma! The Parkinson's Foundation will be hosting a class called "Ageless Grace", which focuses on 21 aspects of physical, cognitive, and social functions. The easy-to-learn Tools promote the 'Three R's' of lifelong comfort and ease – the ability to *Respond, React, and Recover* efficiently and safely. It will be the only certified class of its kind on the East side of the metro.

**2019-2020 GOALS AND OBJECTIVES**

1. Develop and implement security protocols to ensure the safety of citizens who visit the Midwest City Senior Center.
2. Continue to improve relationships between the City, its officers and employees, and the senior citizens of Midwest City through programs that allow each group to interact more with each other.
3. Restore and maintain the building of the Midwest City Senior Center by improving facilities, and therefore making it more inviting to the community.

**SIGNIFICANT EXPENDITURE CHANGES:**

Personnel cost and associated benefits continue to rise on an annual basis due to natural roll ups and the addition of two Police Officer positions. Over the last two years, we have added five Police Officer positions based on the recommendations of the Matrix staffing study report, which is being funded through a dedicated public safety sales tax. Also, the city has entered into a two year collective bargaining agreement with the Police Union that has specific financial benchmarks associated with cost of living increases related to positive sales tax. We continue to prioritize recapitalization of our fleet/equipment and all associated cost. Consistently changing technology, software, records management systems and license fees add additional expenditures to ensure our personnel have the tools necessary to provide excellent service. Expansion of the School Resource Officer program is a discussion that continues and we are negotiating the possibility of adding another SRO to Carl Albert High School. Budgeting for labor negotiations and arbitrations continue also.

The funding source for the capitalization of Fund 041, comes from transfers out of the operational Fund, 040 and includes a sales tax for capital outlay which was approved 1-1-12. The sales tax approved 1-1-12 is deposited directly into Fund 041.

### **SIGNIFICANT EXPENDITURE CHANGES:**

This year with the passage of the sales tax, the Fire Department is going to add three additional Fire Fighters in suppression. This will reduce the overtime that we have been paying to have the minimum staffing on duty at 20. I have also made a proposal to increase the Prevention Division by adding an additional inspector to bring the total in that division to five. By adding this additional personnel to the department there will be an above average increase to salaries and benefits. The citizens of Midwest City passed a General Obligation (GO) Bond as well last year. We will be working this year to purchase those items that were outlined for the Fire Department. The process for implementation of the GO Bond will occur over the next three years. The items supported where: a ladder truck, fire engine, station exhaust removal system, fire training center, command vehicle, hose and nozzles, and SCBA's. During the 2018-19 budget year we were awarded an Assistance to Firefighters Grant (AFG) from FEMA. This federal funding be the primary source for new SCBA's for the department and

additional funding to complete the purchase will be from the General Obligation Bond.

### **STAFFING & PROGRAMS**

The mission of the Midwest City Fire Department is to reduce risk, respond to emergencies, and add value to our community. Fiscal year 2019/20, the Fire Department has budgeted for 86.27 personnel. The mission of the fire department is achieved through four sections: administration, prevention, operations, and training/safety.

#### **Administration**

The Administration Section consists of the Fire Chief, Administration Major, and an Administrative Secretary. This section is responsible for administration of the budget, the development of department policies & procedures, reporting, and general coordination of department activities as they relate to other departments. The Fire Chief also serves as the Assistant Emergency Manager and the Administration Major serves as the department's Public Information Officer (PIO) and a communications leader. The Administrative Section manages short and long term planning, time and attendance, purchasing, and council agenda items.

#### **Prevention**

The Prevention section currently consists of the Fire Marshal and three Fire Prevention Officers. This year we are making a proposal to increase this by one additional officer. The State of Oklahoma legalized medical marijuana through a vote of the people. Because of this, we have

seen an increase in grow facilities, production facilities, and the dispensaries. There are a number of requirements that each of these facilities need to meet in order to safely and legally operate. This has proven to be very time consuming to adequately and accurately inspect and I believe now is the time to add an additional person to have a primary focus on becoming the city expert on these facilities. Fire Prevention Officers reduce risk in our community through public education, prevention, and fire cause & determination.

Public education programs are provided through the leadership of a Fire Prevention Officer who serves as the Public Education Officer. Programs include Operation Fire Safe (juvenile fire setter intervention), Children's Fire Safety Fair, Child Passenger Safety, Kitchen Safety, Smoke Detector Program, Senior Safety, civic and religious organization presentations, school and business fire drills, nursing center in-service training, CPR training, the scheduling of all tours, and the community risk reduction program. They also coordinate efforts with Neighborhood service to connect with neighborhood associations.

The Fire Prevention Officers perform approximately 1200 annual fire and construction inspections. The inspections are provided in accordance with local ordinances complying with the International Code Council (ICC) Fire Codes. Fire Inspectors also guide the construction of new and renovated structures through plans review, site inspections, and providing a certificate of occupancy according to the ICC/IFC Codes. The Section maintains records of hazardous materials, oil and gas well inspection and permitting, hydrant flow tests, and coordinates pre-fire planning efforts.

They are responsible for complying and reporting to the National Fire Incident Reporting System (NFIRS) and managing burn permits.

### **Operations**

The Operations Section currently consists of 75 personnel divided into three shifts to provide continuous emergency response services to the citizens of Midwest City. With the passage of the additional sales tax, we will increase the suppression division to 78 personnel. Each of these three shifts is under the direction of a Shift Commander, supervising six (6) fire stations. Services include emergency medical services, technical rescue operations, fire suppression, hazardous materials operation, and other hazard mitigation duties during man-made or natural disasters.

In addition to emergency response, these personnel provide assistance and support to other divisions in the area of public education, building pre-fire planning, hydrant testing, and training. They also perform maintenance and testing on all fire equipment including apparatus, hose, scba's, and fire stations. Daily schedules for this division are primarily designed to ensure emergency response capabilities are maintained at all times, with other available time being used to support the department's efforts to reduce risk to our community.

The fire department is part of an Oklahoma county wild land firefighting task force, which deploys to other counties within the state, for mutual aid with large grass fires. The fire department is also part of the Oklahoma Homeland Security Regional Response System as a Hazardous Materials Response Team.

## **Training and Safety**

The Training Officer works under the direction of the Fire Chief. The Training Section is responsible for planning, developing, coordinating, and delivering training programs to department personnel. The Section develops and administers promotion testing and is responsible for maintaining a complete record of all training to ensure competencies to meet federal, state, and department mandates. The Training Officer assist with planning, coordinating, and evaluating disaster drills. The Training Officer also serves as incident safety officer and is a member of the command staff.

Through the use of well-developed training programs, our department maintains proficiency in the services provided. The safety of the public and our own personnel is directly related to the amount and quality of training our personnel receives.

The Fire Department plays an active role in providing training to other City personnel. Some of these classes include: CPR, First Aid, Confined Space Rescue, Rope Rescue, and Hazardous Materials Safety Training. The use of trained Fire Department personnel to deliver training to other City personnel not only reduces the cost of such deliveries, but enhances interdepartmental relationships to work together in the event of an emergency or disaster.

## **2019/2020 GOALS AND OBJECTIVES**

The Midwest City Fire Department strives to provide the maximum services possible with the funds and resources available. Programs such as those that supply public safe-

ty education and smoke detectors to homes on limited incomes cannot always be funded through city budgets. The Midwest City Fire Department believes these programs are vital to its primary mission of providing fire and life safety to the community. Often, the department obtains additional funding for such programs through grants and donations.

The 2019-2020 budget provides the financial resources to continue our high level of service and training as we have in past and the following objectives are on target this Fiscal Year:

1. Continue to update and revise the department standard operating procedures.
2. From the ESCI Master Study recommendations, continue to work with staff to complete the findings outlined in the Strategic Plan for the department.
3. Continue a capital replacement action plan for fire apparatus and Self-Contained Breathing Apparatus (SCBA) with available funding. Using the 15 year capital replacement form.
4. GO Bond items bids and purchasing.
5. Through capital funding, replace 1/3 of fire suppression fire bunker coats and pants.
6. Fulfill the funding awarded to us from the Hospital Authority Grant for those projects submitted and funded.

**Juvenile Probation Officer:**

The intent of the Probation Officer is to hold the juveniles referred to the division, via citations from the Police Department, accountable for their delinquent actions, as well as provide resources or assistance to schools and parents of youth not in the system.

The responsibilities of the Probation Officer are to conduct office and field visits on juveniles referred to eligibility for probation.

During these visits, information is gathered on the living arrangements, family structure, school, and other pertinent information regarding the current juvenile and current offense. After all information is gathered, the Probation Officer formulates a probation plan suitable for each juvenile.

**STAFFING/PROGRAMS**

The Midwest City Tourism Information Center (TIC) is staffed by a full-time manager, four part-time paid staff assistants and volunteers. We average 10 to 14 active volunteers that work one or more four (4) hours shifts per week. We also, on occasion, utilize Rose State College interns and students who are seeking community service hours or fulfilling program work hours.

The TIC opened in 1998, and was the first TIC in the state to be operated by an entity other than the State of Oklahoma. The TIC was built by the State on City-owned land, and is operated and maintained by the City under an agreement which governs some aspects of the TIC's operation and maintenance.

**PROGRAM DESCRIPTION**

The Midwest City Tourism Information Center (TIC) displays and distributes travel materials, maps, and brochures provided by the Oklahoma Tourism and Recreation Department (OTRD). The TIC also displays Midwest City tourism and event information, local lodging and dining information. The materials are provided to travelers and guests who visit the TIC and are supplemented by our staff's additional knowledge of attractions and events both local and throughout the state.

The TIC records visitor traffic on a daily basis by means of a guest register kept at the front desk, which guests are encouraged to sign. A door counter also tracks the number of visitors to the TIC. The registration book count and the door count are used to compile a State Monthly Report submitted to OTRD as part of the State Marketing Program.

Besides travel information, the TIC offers free Wi-Fi, clean inside restrooms, free coffee and even a pet station and park bench for travelers with dogs.

The TIC operates a gift shop featuring "Made in Oklahoma" food products, Oklahoma apparel, along with some fun and affordable Oklahoma-themed souvenirs. A variety of other merchandise is also available for sale such as coffee mugs, post cards, magnets, snacks and cold drinks.

The TIC also operates under the same regulations and guidelines as the other State run TIC's. OTRD marketing efforts for the TIC's are on-going. Marketing efforts include space on the website, location information on the Oklahoma State Map and information about the TIC's in the Oklahoma State Travel Guide. TIC information has become more accessible through the OTRD website. The website makes it easier for travelers and visitors to locate the TICs on the TIC map provided by the website. Travelers can pin point the location of the TIC on the map and include the TICs in their itinerary while traveling through the State; this will create more opportunity for the TIC staff to promote its community as well as the state attractions and events.

## **2019-20 GOALS AND OBJECTIVES**

1. Entice visitors and travelers to stay, shop, eat and play in Midwest City by promoting Midwest City, hospitality, special events, shopping and dining venues to visitors and travelers while promoting the state and local attractions and events. We were excited to provide our updated Midwest City map that features a detailed street map and many highlights of Midwest City.
2. Continue ongoing training and occasional "fam tours" for staff and volunteers of travel and attractions for the City of Midwest City and the State of Oklahoma.
3. Continue to find ways to increase profit from gift shop sales by utilizing effective advertising and social media opportunities. Also adding gifts and souvenirs that are more appealing and affordable to travelers.
4. Promote our 6<sup>th</sup> year of "Cruise in for Coffee", a seasonal event from April to October. This free event is for car and motorcycle enthusiasts to meet and socialize the 3<sup>rd</sup> Saturday of each month from 8:00 to 11:00 am. The event is held at Santa Fe Steakhouse on SE 29<sup>th</sup>, who hosts the location and coffee. Shipley's sponsors the donuts.
5. Partnering with the Convention & Visitor's Bureau, cohosting our 4<sup>th</sup> Annual "Covered in Color" Festival. This April event is held at Charles J. Johnson Town Center Park and includes arts and craft vendors along with a sidewalk chalk competition and special entertainment live from the stage. Encourage local businesses to be involved with this and all Midwest City events.
6. Continue upkeep and presentation of Welcome Center building and grounds not just for travelers for all of our local guests.

The Bureau works within the community to develop and maintain progressive relationships, while serving as a reliable and credible source for the Midwest City tourism industry.

**MARKETING**

In an effort to solicit and serve meeting planners and event coordinators, the Convention & Visitors Bureau creates, produces and arranges for mass distribution of the Midwest City Visitors Guide. The 8.5 X 11 double-sided full color reference tool outlines Midwest City meeting facilities, hotels, points of interest, and amenities. The up-to-date meeting facility listings, hotel accommodations, special event descriptions, and current community photos provide an attractive overview of all Midwest City has to offer. The Midwest City visitors guide is available statewide at all Oklahoma Welcome Centers and through Certified Folder displays. As well as, via the internet through Oklahoma Tourism and Recreation Department, Frontier Country Marketing Association and directly through the **visitmidwestcity.com** website.

The new visitors guide is currently being created and will be ready for mass distribution in October 2019. The visitmidwestcity.com website will be continuously updated to keep up with the ever changing dining venues, retail shopping options and entertainment amenities.

Welcome bags containing the guide and other promotional items are also available upon request to qualified conference groups.

The new Midwest City tourism has been video has been a huge hit. The video is available on the home page of visitmidwestcity.com and utilized as promotional piece when soliciting business to Midwest City. The highlight video will be produced as such to draw overnight conference visitors, day visitors and

new businesses for Economic Development. The video was debuted in a continuous loop at the 2018 Buick Car Show in Denver when team Midwest City served as a the welcoming host city for the 2019 event with exhibition booth, visitors welcome bags and information on visiting Midwest City and Central Oklahoma.

### **CONFERENCE INCENTIVE FUNDS**

Conference incentive funds are utilized to present attractive sponsorship opportunities for decision makers to choose Midwest City as their destination meeting place. The incentive funds offer budget relieving opportunities for costly items such as marketing, incidentals, transportation or other various unplanned expenses that arise during the venue evaluation, planning stages, or the event execution process. The strategy of offering supplemental funding is particularly significant when alternate cities or venues are also under consideration. Applying organizations will be required to qualify for the funding assistance based upon an economic impact assessment that includes room night revenue, catering revenue, hotel occupancy tax, local sales tax, market segment, rebooking probability, and potential industry prospects. Throughout the evaluation process, it is the goal of the CVB to ensure the City of Midwest City is featured as a highlighted sponsor by negotiating benefits such as endorsement in printed collateral, viral marketing, social media, audio visual presentations, complimentary tradeshow space, branded logo signage and verbal recognition.

### **MEETING PLANNERS, SPORTS AFFILIATES AND MARKETING ASSOCIATIONS**

The CVB will maintain membership in OSAE (Oklahoma Society of Association Executives) for the opportunity to have a monthly interaction with meeting planners who represent various associations throughout the state. Attending local luncheons hosted by these organizations provides a means of networking between suppliers and meeting planners and is crucial to stay connected within the industry. As a member benefit, the CVB will exhibit at OSAE's Annual Conference to gain exposure to Midwest City's hotels and all available meeting space to a captured audience. Participating as an active sponsoring partner with organizations provides many cost effective benefits such as quarterly ads and sponsor recognitions in e-newsletters, sponsor signage and identification at monthly meetings, annual conferences, and on organization web sites, as well as one paid registration to the annual conference. The CVB will also continue to meet every other month on a membership fee free basis with fellow Convention & Visitors Bureaus from across the state to stay abreast of new industry trends, share marketing and tourism ideas, and gain insights on various industry-related business segments.

The CVB coordinates visits and form relationships with local sports community partners and tournament hosts to educate them on the services and support provided by the CVB.

The CVB supports the efforts of OTIA (Oklahoma Travel Industry Association) in providing tourism education and lobby on behalf of the tourism industry as well as participates in State's tourism promotion campaign through the

Oklahoma Tourism and Recreation Department (OTRD).

Involvement with meeting planner and tourism organizations not only reinforces Midwest City's commitment to eagerly support and serve businesses who actively participate in the local meetings market, but provides a means to cross promote Midwest City as destination and aids in tracking tourism dollars. In an effort to further promote these ideals, the CVB will continue to foster relationships with all Midwest City hoteliers in the hospitality district by organizing and conducting quarterly meetings or as needed based upon group visitor business

### **2019-2020 GOALS AND OBJECTIVES**

1. Continue to maintain current relationships and will reach out to new conference meeting planners through a variety of networking opportunities and industry membership affiliations.
2. The CVB will conduct sales calls within the public and private sectors to encourage and promote visitation to Midwest City that will increase hotel occupancy tax and local sales tax.

8. With the increased support and interest in Tourism and Hospitality on a State Government level; the Midwest City CVB must take advantage of and wisely utilize marketing dollars to participate in more regional and national industry related events to drive awareness and traffic to Midwest City.

**FUND: CONVENTION & TOURISM BUREAU/ECONOMIC DEVELOPMENT (046)**

**DEPARTMENT: ECONOMIC DEVELOPMENT (87)**

**SIGNIFICANT EXPENDITURE CHANGES:**

Membership to Greater Oklahoma City Chamber of Commerce  
Membership on the RSC SBDC Oversight Board  
Increase to Contractual expenses for potential redevelopment projects

**STAFFING/PROGRAMS**

The city's economic development efforts are spearheaded by one (1) full-time director under general guidance of the City Manager. The incumbent performs administrative, technical and analytical work in assisting with the solicitation, attraction, and expansion of new and existing retail, mixed use, and industrial development. This position also supports efforts to retain existing businesses to provide for the sound growth of the city's tax base and for the economic stability of the community. The Director of Economic Development works in partnership with other employee, departments/divisions, external entities, and the public in delivering effective and innovative services.

**PROGRAM DESCRIPTION**

The 2008 Comprehensive Plan (P. 8 – 2) established a number of goals and objectives for the City of Midwest City's economic development efforts. Some of the targets specifically affected by the proposed budget include, but are not limited to:

**Promoting the creation of primary jobs** (defined as jobs that export goods and services outside the region and, in turn, bring money into the local/regional economy).

*We will continue our efforts to recruit quality employers that offer living wages to the Soldier Creek Industrial Park.*

**Increasing the amount of high paying jobs within the city.**

*Economic development officials are working hand-in-hand with representatives from Rose State College, the Greater Oklahoma City Chamber of Commerce, the State of Oklahoma Department of Commerce and the defense industry to pursue highly technical jobs that may be spun off from Tinker AFB.*

**Developing a business target list.**

*The Director maintains a strategic target list based upon existing market deficiencies and consumer demand. This list includes over 200 retailers and over 300 dining establishments and entertainment companies.*

**Developing a business retention strategy.**

*The Midwest City Chamber of Commerce and the department work together to solve problems and to serve the needs of our existing business community. This is done through surveys, individual contacts and business assistance visits.*

In FY 2019 – 2020 we will continue to concentrate on shoring up any sales tax leakage points as we fill existing vacancies in our older commercial corridors and storefronts. Finding a remedy for Heritage Park Mall also remains a priority, in addition to seeking development opportunities in our busiest corridors.

We will also increase our involvement in recruiting light industrialists in hopes of creating more jobs in an effort to expand the local tax base.

## **Continuing Programs**

### **International Council of Shopping Centers**

The ICSC is non-profit entity comprised of a variety of establishments that focus on commercial development. Midwest City has had a presence at the Dallas, Las Vegas and Oklahoma City ICSC conference for several years.

### **Oklahoma City Commercial Real Estate Council**

We are one of only three cities currently supporting the OKC CREC, the others being Edmond and Oklahoma City. This organization and its events offer excellent opportunities to network one on one with some of the most powerful and active office, retail and industrial brokers in the Metro area.

## **Expanding Program**

At the time of this report one of the City's last properties with interstate frontage is under contract to be sold to a major national developer. Soon, we may be facing a time where all major new developments require clearing old structures. This situation may necessitate the use of Tax Increment Financing or other legal assistance to make redevelopment possible.

## **New Program**

### **Membership to the Rose State College Small Business Development Center Advisory Board**

The U.S. Small Business Administration ("SBA") administers the Small Business Development Center ("SBDC") Program to provide management assistance to current and prospective small business owners. SBDC's offer one-stop assistance to individuals and small businesses by providing a wide variety of information and guidance in central and easily accessible branch locations.

The program is a cooperative effort of the private sector, the educational community and federal, state and local governments. It enhances economic development by providing small businesses with management and technical assistance.

There are now 63 Lead Small Business Development Centers (SBDCs) -- one in every state (Texas has four, California has six), the District of Columbia, Guam, Puerto Rico, Samoa and the U.S. Virgin Islands -- with a network of more than 900 service locations. In each state there is a lead organization which sponsors the SBDC and manages the program. The lead organization coordinates program services offered to small businesses through a network of subcenters and satellite locations in each state. Subcenters are located at colleges, universities, community colleges, vocational schools, chambers of commerce and economic development corporations. The lead center for Oklahoma offices at Southeastern Oklahoma State University in Durant, OK and there are seven subcenters statewide including one at Rose State College ("RSC").

SBDC assistance is tailored to the local community and the needs of individual clients. Each center develops services in cooperation with local SBA district offices to ensure statewide coordination with other available resources. Each center has a director, staff members, volunteers and part-time personnel.

Qualified individuals recruited from professional and trade associations, the legal and banking community, academia, chambers of commerce and SCORE (the Service Corps of Retired Executives) are among those who donate their services. SBDCs also use paid consultants, consulting engineers and testing laboratories from the private sector to help clients who need specialized expertise.

RSC sponsors one of two SBDC's in the Oklahoma City SMSA. Its service area includes Lincoln and Logan counties, and it shares responsibility with the Oklahoma City Community College to serve Canadian, Cleveland and Oklahoma counties. Mr. Walter Miller is currently the RSC SBDC's only employee.

Mr. Miller and former RSC SBDC Director Sandy Stephens are estimated to have served a total of just over 1000 clients over the past five years. It is estimated that approximately 13% of their clientele lived in Midwest City with approximately 6% arriving from Choctaw, Harrah or Nicoma Park. The remainder arrived from various parts of the OKC Metro including Del City (7.1%), Edmond (4.9%), Moore (3.9%), Norman (5.2%) and elsewhere (59.9%).

Budget cuts in Oklahoma's Higher Education System have forced RSC to reevaluate its programs. It now seeks to share some of the RSC SBDC's funding responsibility with the communities that derive the most benefit from the program. We expect RSC to request a \$2500 contribution from the City of Midwest City in addition to other similar requests to the surrounding

communities, based on population and participants. This fee will likely be linked to a seat on the RSC SBDC Advisory Board.

### **New Program**

#### **Greater Oklahoma Chamber of Commerce Membership**

Municipal governments spend much of their time competing with each other for retail, industrial and professional office economic development projects. The reality is that cities and towns often have much to gain from working in cooperation instead of competition. Cooperation sometimes comes in the form of jointly submitting corporate site location requests, to developing a common array of tax incentives, to jointly developing innovation-based initiatives that set industry priorities for each community to ensure that cooperation wins over competition. The primary goal of these partnerships is to maximize the employment opportunities within the region.

Examples of successful regional partnerships are found throughout the country. Regionalism came into the forefront in the late 1980s and early 1990s and the importance of partnering amongst peers has since only grown. In the Southeast they have proven to be invaluable in recruiting industrial giants such as BMW, Mercedes-Benz, Volkswagen, Airbus, and many others.

The Greater Oklahoma City Chamber of Commerce ("Partnership") was launched over 15 years ago with the primary intent of maintaining the health and welfare of Tinker Air Force Base ("TAFB"), supporting workforce development, and promoting the central Oklahoma region. It is comprised of the 10 counties that supply the bulk of TAFB's civilian workforce, including Canadian, Cleveland, Kingfisher, Grady, Lincoln, Logan, McClain, Oklahoma, Payne, Pottawatomie counties.

The Partnership was created within the existing staffing of the Oklahoma City Chamber of Commerce and was initially funded with contributions from each of the 10 counties. Dues from nine of the ten counties also cover Partnership activities for the towns and cities found within their boundaries. The lone exception is Oklahoma County, whose contribution is solely dedicated to preserving TAFB.

Over the years, the Partnership has welcomed Midwest City to its meetings and functions along with a host of other Oklahoma County communities. It has also supplied us with numerous industrially leads, many of which originated from the Partnership team and were independent of those generated by the Oklahoma Department of Commerce. This was previously done at no cost; however, there is now a push to make the organization more independent from the Oklahoma City Chamber of Commerce. Funding for this reorganization will require additional revenue commitments from those who directly benefit from its existence.

Budget cutting at the state level has necessitated greater involvement at the local level. In fact, over the past year, the Partnership has generated approximately 49 industrial or office leads. During the same time, the State of Oklahoma Department of Commerce team only garnered about 23 leads. Being a paid member will ensure we remain in the running for some projects that we may not otherwise be privy.

Although the rate structure has not been defined, it will likely be based on each city's population and level of participation. Our discussions with current Partnership leaders have indicated the City/EDA will likely be asked for an annual contribution of around \$33,000 (\$2750 per month) beginning in July 2019.

The Emergency Operations Center operates in accordance with federal, local and state guidelines to coordinate Emergency Management functions for the City of Midwest City.

EOC is a public safety answering point (PSAP) and dispatch point for police, fire, emergency medical and emergency management services within Midwest City. The mission of the EOC is to serve as the communications link between citizens and the public safety and to provide fast and accurate activation of public safety and support agencies.

In addition, the EOC monitors potential threatening weather and utilizes the public outdoor warning notification system to warn citizens of threats created by natural and man made disasters. The Emergency Operations Center serves as the command center for public officials during emergencies.

The Emergency Operations Center will continue with revisions of all its policies and updating the Midwest City Emergency Operations Plan annually to reflect continuing changes in the public service agencies that we serve.

The EOC recognizes that service is our number one priority to the citizens as well as response agencies that we dispatch. We will always strive to Increase our efficiency by providing continuing professional education and training of our communication specialist staff. Training records for each employee are kept In order to document all training goals are met annually.

We also recognize that our strength and success is tied directly to the individual and unique contributions of each employee working in a spirit of cooperation and teamwork with our public safety associates both within and outside of the Emergency Operations Center. We will continue to foster positive working relationships with our public safety partners.

The Emergency Management Director is responsible for coordinating all phases of emergency management including response, recovery, mitigation and preparedness. EM insures that the emergency operations plan is frequently exercised and that all public safety officials and department heads have access to the plan. FUND: COMMUNITY DEVELOPMENT BLOCK GRANT (141)

Community Development Block Grant (CDBG) funds are appropriated by the U.S. Department of Housing and Urban Development to assist in the development of viable urban communities, including decent housing, a suitable living environment and expanded economic opportunities, principally for persons of low to moderate income. The city estimates \$381,000 in new CDBG funding this year. The following is a summary of CDBG projects and activities planned for FY2019-20.

Funding for the Primary Systems Home Repair and HOME Housing Services will continue in FY'2019-20. Funds will also continue to be used for Before and After School Care Scholarships, Senior Social Services, At-Risk Youth and Family Program, Share-A-Fare Program, Sr. Med Transportation and Fair Housing Services. New public services include Homeless Services and a Life Skills Course. Public improvements include Tall Oaks Transitional Housing Rehab, MWC Senior Center Improvements and Soldier Creek Trail Amenities.

Community Development Block Grant staff continue to manage the Transitional Housing Program, Housing Rehabilitation Loan Program, Homebuyer Assistance Program, the

Purchase/Rehab/Infill Program(as funding allows) and Volunteer Income Tax Assistance (VITA) Program.

The CDBG funded Grants Management staff also provides grant oversight for other grant programs and special projects operated by the city. Staff will continue to seek compatible housing, community development and quality of life program funding to expand upon and add to existing activities and services provided to Midwest City residents.

**FUND: GRANTS/HOUSING ACTIVITIES (142)**  
**DEPARTMENT: HOUSING**

The Grants/Housing Activities Fund supports three program areas: Housing – Special Projects; Housing – Transitional Housing Program; and Housing – HOME Projects. A variety of grants, loan repayments, program income and rental proceeds provide funding for activities.

Special Projects for 2019-20 include the Housing Rehabilitation Loan Program and property upkeep of (4) residential lots in the Original Mile.

The Transitional Housing Program supports four city-owned residential properties for transitional housing for homeless families. Case management is provided by a metro area homeless provider.

HOME Investment Partnerships Act (HOME) projects are supported through new grants applied for through the Oklahoma Housing Finance Agency (OHFA). Staff makes application to OHFA to continue Midwest City's Homebuyer Assistance Program as needed and to fund other affordable housing projects.

Grants Management staff provides management of the above activities in conjunction with CDBG funded activities.

The Debt Service Fund is the fund established to pay the City of Midwest City's indebtedness for judgments against the City, and bond issues that have been approved by a vote of the citizens. These bonds have been issued for specific projects which Midwest City was unable to fund from normal revenue sources. This differs from the Capital Outlay requests of the department's budgets because of the large amount of money required for the projects.

The following is a description of the type of bond issue that the City utilizes:

General Obligation Bond Issue: This type of bond must be voted upon by the citizens of Midwest City and is paid for by the citizens through the ad valorem tax process, such as property tax and personal property tax. No legal limit is set, but a rule of thumb is 25% of the assessed valuation. (See next page for more details of ad valorem taxes.)

**FUND: ENTERPRISE (190)**  
**DEPARTMENT: SANITATION (41)**

**SIGNIFICANT EXPENDITURE CHANGES:**

It is our intent to acquire equipment and staff to start the process of city wide bulk waste collection effective January 2020. This will require a capital investment of 335,000 for equipment and the addition of one equipment operator II position which will increase our personal service budget annually.

**STAFFING/PROGRAMS**

During the past fiscal year 2018-19, the Sanitation Department was staffed by: the sanitation and stormwater manager, the residential route coordinator, the commercial route coordinator, six heavy equipment operators, six route servicepersons, one laborer II, and at least four temporary laborers. All positions except the temporary laborers are full time permanent employees. This department remains committed to serving citizens of Midwest City by collecting and disposing of all residential and commercial solid waste, providing a number of residential recycling options, and offering bulky waste collection and disposal.

Working closely with utility customer service and the secretary pool at public works administration, the sanitation department strives to meet the needs of every Midwest City resident or business six days a week every week of the year. Additionally, the department continues to improve its communication with fleet services, community development, and the GIS coordinator in order to improve the quality of services offered to its customers.

**PROGRAM DESCRIPTION**

Residential trash is collected weekly at the curb, recycling is collected every other week at the curb, special pick-ups are available for a cost at the curb and any resident can use the transfer station up to four times a year for free on Saturdays. Commercial waste is collected in four, six, or eight yard dumpsters and picked up weekly or monthly based upon needs represented in contracts for service. Compactors are also available to commercial customers and are serviced by contract with Republic Services. There is also a self-service cardboard recycling center that is open daily during daylight hours. Lastly, we provide free medical sharps disposal to every resident upon request as long as it is for private use.

**2019-2020 Goals and Objectives:**

1. Digitize and optimize all trash collection routes.
2. Build and implement an automatic vehicle location system to track and trace equipment allowing user interface with real time updates for both utility customer service and public works administration.
3. Complete a dumpster inventory that is GPS located. Then document the condition and recommend a replacement schedule that we hope to digitize in City Works for inventory control.
4. Effectively implement quarterly city wide bulk collection January 2020.
5. Continue to improve equipment redundancy and adopt an appropriate replacement schedule.

Staffing positions include (1/2) Line Maintenance Supervisor, (1) Project Foreman, (6) Crew Leader, (6.5) Certified Equipment Operators

**PROGRAM DESCRIPTION**

**WATER PLANT (4210)**

Midwest City provides its citizens with a quality by means of a thirteen (13) MGD water treatment facility. Water demand is also supplemented by the addition of eleven (11) Booster wells and eleven (11) Inline wells.

**LINE MAINTENANCE (4230)**

The Line Maintenance Department is responsible for 350 miles of water distribution pipe that ranges in size from 4" to 36". There are 21,000 water meters and 2,600 fire hydrants that are connected to the distribution mains. Line Maintenance is also responsible for providing the general visual location of the City owned water infrastructure and fiber optic line by means of flags and paint.

**2019-2020 GOALS AND OBJECTIVES  
WATER PLANT (4210)**

1. Complete the Annual Consumer Confidence Report and make it available for review by all residents, businesses or other interested parties.
2. Continue to strive for knowledge and new technology in the water field to produce quality water that excels in all current and future regulations set by EPA and the Oklahoma Department of Environmental Quality.
3. Operate and maintain the Water Plant and Well System in the most effective manner to maintain or reduce cost.
4. Continue professional interaction with citizens on calls relating to water quality, sewer back-up, emergency offs and taste and odor complaints.

1. Continue the “required” fire hydrant repair and replacement program. Restart the “age based” replacement program.
2. Recommend, to engineering, sections of water lines that need replaced.
3. Maintain the Sensus AMI meter infrastructure. Use the data collected to provide a more thorough representation of the system wide pressure and water loss percentage.
4. Install meters on all well lines that feed directly into the distribution system.
5. Continue the hydraulic analysis and engineering report on the water distribution system to ensure the sustainability of the water supply for domestic uses as well as fire protection.
6. Fill vacant positions and restart the fire hydrant “age” replacement, hydrant and valve painting, meter box adjustment and yearly large valve operation programs.

The W.R.R.F. is permanently staffed by (1) Chief Operator\Trainer, (1) Operator V, (3) Operator IV, (7) Operators, (1) Lab Supervisor, (2) Environmental Chemist, (1) Lab Technician, (1) Maintenance Supervisor II, (5) Maintenance Technician, (1) Bio-Solids\Compost Supervisor, (3) Heavy Equipment Operator, additionally partial funded is (1/2) Supply Supervisor, (1/2) Inventory Control Technician, (17/100) GIS Coordinator

**LINE MAINTENANCE (4330)**

Line Maintenance has staffing opportunities for (1) ½ funded Line Crew Supervisor, (1) Operations Foreman, (1) Pretreatment Coordinator, (1) Pretreatment Technician, (5) Crew Leaders, (9) Certified Equipment Operators and (1) ½ funded Certified Equipment Operator.

**PROGRAM DESCRIPTION:**

**WATER RESOURCES RECOVERY FACILITY (4310)**

The Water Resources Recovery Facility processes approximately 5.5 million gallons of waste water per day to 5.5 MG of water that will have no effect on the environment.

The Compost facility creates a viable product from items that are considered waste changing these waste items into an environmentally friendly product. During 2018-19; 954 metric tons of class B Bio-solids was converted into 3000 cubic yards of class A compost.

### **LINE MAINTENANCE (4330)**

The Line Maintenance Department is responsible for 300 miles of sewer collection pipe that ranges in size from 6" to 48". Pretreatment personnel inspect 207 grease interceptors, 85 sand/oil separators and 3 dental amalgam separators that help keep grease and grit out of the collection system. Two permitted industries are continually monitored, inspected, and sampled for discharge compliance standards. Line Maintenance is also responsible for providing the general visual location of the City owned sewer infrastructure and fiber optic line by means of flags and paint.

### **2019-2020 GOALS AND OBJECTIVES**

#### **WATER RESOURCES RECOVERY FACILITY (4310)**

1. Discharge effluent that will have no impact on the environment. Meet all standards mandated by the EPA & DEQ from both the Water Resources Recovery and Compost Facility's.
2. Reduce overtime by use of automation. Events of the past that require staff to correct issue during storm events in some instances can be done remotely via SCADA system and automation.
3. Continue to educate the public on the Composting process and the benefits of Compost.
4. Receive yard waste from residents three days a week on Tuesday's, Thursday's and Saturday's. Drop offs are approximately 20 per week days and 60 on Saturdays, per average.
5. We are continuing the sale of Compost six days per week, in hopes to promote the public awareness of the effects of compost on the growth of all types of plants.

6. Incorporated a new operation's and lab data base, to replace the existing data base from access program to the Operator 10 data base.
7. Continue a partnership with Langston University by using goat's to control underbrush in areas that have limited access for personnel and equipment. This will provide a lower cost in regards to expensive slope mowing equipment and labor.

#### **LINE MAINTENANCE (4330)**

1. Continue to utilize the SL-RAT to give a more accurate assessment of the sewer collection system, to ensure that preventative maintenance and CCTV measures are directed at the needed lines..
2. Recommend, to engineering, sections of sanitary sewer lines that need replaced. Determinations and prioritization to be made by historical data and visual aids provided by the CCTV unit.
3. Continue the study on the collection system ammonia levels and possible sources. Use the data collected to provide a more thorough representation of the system wide levels and the differences between industry, food service, residential and general business facilities.
4. Begin an Inflow and Infiltration study using sewer flow meters throughout the collection system. This program is designed to identify major sources of rain event I & I, leading to a significant cost savings from not treating rainwater at the WRRF.

A line of credit loan for up to \$200,000 split equally between Fund 123 - Park and Recreation and Fund 45 - Welcome Center was approved by City Council on April 9, 2019 to provide the cash for continuing golf course operations. The loan is payable in a balloon payment on April 30, 2024. Fund balance is negative because the liability for the loan has been recorded. However, the loan will provide the cash balance needed to continue operations.

### **STAFFING/PROGRAMS**

During the past fiscal year, 2018-19 the Stormwater Quality Management Department was staffed by: the stormwater quality/sanitation manager, four stormwater quality technicians and Stormwater/GIS Intern(s). All positions except the Interns are full time permanent employees. Stormwater quality management remains committed to serving citizens of Midwest City by maintaining and improving stormwater quality in creeks and water ways.

The department strives to educate and involve citizens in the prevention of storm water pollution and conducts water quality screening to detect, track and eliminate pollutants affecting water quality. Additionally, it enforces Midwest City's stormwater ordinances and manages a curbside recycling program that is responsible for diverting recyclable materials from the solid waste stream. Lastly they provide safe and proper disposal of unwanted household hazardous waste to all Midwest City residents

### **PROGRAM DESCRIPTION:**

The purpose of the Stormwater Quality Management Department is to promote public health, safety and welfare by maintaining and improving the quality of stormwater discharging to conveyances within Midwest City and all receiving waters of the State. Stormwater Quality has been tasked with ensuring that any applicable regulations of the Oklahoma Department of Environmental Quality and Environmental Protection Agency regarding stormwater discharges are being met. In order to maintain compliance with these regulations, Stormwater Quality has implemented several distinct programs such as:

- 1. Construction Site Inspections**
- 2. Illicit Discharge Detection and Elimination (IDDE).**
- 3. Curbside Recycling**
- 4. Household Hazardous Waste Disposal**
- 5. Public Education and Participation**
- 6. Complaints**

### **2019-2020 Goals and Objectives:**

**Provide a safe and clean environment for our residents through the following:**

1. Distributing educational materials to increase public awareness and participation in City Programs including Household Hazardous Waste Disposal, Recycling, Adopt a Street, and Adopt a Creek. We will achieve this through the use of presenting educational material quarterly at the Neighborhood Association meetings, attending events such as Association Celebration, National Night Out, etc and creating various newsletters to be distributed to city employees and residents.
2. Continue operation of the Household Hazardous Waste program 3 days a week. Utilize feedback from residents to increase participation, thus decreasing illicit dumping into the stormwater conveyances. Provide opportunities for surrounding municipalities to schedule mobile collection events as part of the HHW program.
3. Decrease the amount of trash and debris making its way into stormwater conveyances through a continued curbside recycling program as well as increasing trash and recycling receptacles in parks and city facilities.
4. Partner with Mid-Del and Choctaw-Nicoma Park School Districts and other civic organizations in order to develop an environmental education outreach program.

**Support the Clean Water Act and the updated ODEQ permitting through the following:**

1. Continue with Stormwater construction inspections to help ensure site compliance with City ordinances and the Clean Water Act. Follow-up with non-compliance issues to ensure the each site is acting with a sense of urgency when erosion and sediment control issues arise.
2. Develop and implement an industrial stormwater permit program and a commercial cosmetic cleaning program.
3. Meet all terms and conditions of the City's Stormwater Management Plan as required by ODEQ. Modify such plans when the new ODEQ permit is issued and implement required TMDL elements. This includes modifications being made to the current water quality monitoring program set forth for sections of Crutcho Creek and the North Canadian River to monitor Total Coliform, E. Coli, and Enterococci bacteria.
4. Develop and implement a training program for builders, contractors, and developers in regards to the Clean Water Act, NPDES permitting, and City Ordinances.
