If an employee performs work in excess of his regularly scheduled hours in his normal pay period and are covered by the above normal work status criteria, overtime shall be compensated at the rate of time and one-half. The 12 hours of FLSA overtime in each

27 day period will be compensated at 1 ½ times the employee's base rate of pay. Employees' base rate of pay will include wage augments such as longevity pay, incentive pay, degree pay etc. Because the annual salary is divided by 2912 hours to compute a 24 hour worker's hourly wage, the "straight time" for these 12 hours has already been paid. The employee will therefore be compensated with the ½ portion of the base rate X the hours of FLSA overtime for each pay period.

Non-Work Status: An employee is considered not to be on normal work status for the following:

1. Unauthorized leave
2. Sick Leave
3. Extended Sick Leave
4. Suspension without pay
5. Emergency Leave
6. Leave of Absence
7. Leave without pay

Overtime hours will be compensated in accordance with the FLSA. Hours spent on normal work status will be counted toward the overtime calculation. Hours spent on non-work status will only be counted toward straight time.

SECTION 5. Members of the Prevention Section assigned to standby status on weekends or holidays shall be entitled to standby pay in the amount of \$50.00 per day while so assigned. In the event a member is called to duty while on standby status, he shall be compensated in accordance with Section 1 above and not receive the \$50.00 standby pay for that day.

ARTICLE 34

COMPENSATION AT SEPARATION

SECTION 1: An employee who resigns, retires or is dismissed, or dies in the line of duty is eligible and shall be compensated accordingly for all his accumulated overtime, compensatory time, holiday time, vacation, and sick time.

EXHIBIT A

SUBSTANCE ABUSE TESTING POLICY

PURPOSE: City government provides a variety of public services. The employees of the City are its most valuable resource, since it is through their work that services are provided. When delivering services, the health and safety of the public and the employees are paramount.

Drug and alcohol abuse are serious problems which affect all segments of the community, including the workplace. Such abuse poses risks to members of the public and to City employees. Employees have the right to work in an alcohol- and drug-free environment. The public has the right to be free from the harmful effects of alcohol and drug abuse in the provision of public services. The policy of the City is to provide a safe work environment and to protect the public by ensuring a drug- and alcohol-free workplace.

This policy implements 49 CFR 30 (Federal Highway Administration or FHWA) requirements for drug and alcohol testing for Commercial Driver's License holders, 49 CFR 655 (Federal Transit Administration or FTA) rules for employees performing safety-sensitive work on CDL class vehicles, and the Oklahoma Workplace Drug and Alcohol Testing Act. **Any violation of this policy shall remove an applicant from consideration for employment and shall subject an employee to disciplinary action, up to and including termination.**

It is the City's policy to:

- A. Ensure that all city employees are not impaired in their ability to perform assigned duties in a safe, healthy and productive manner.
- B. Create a workplace environment free from the adverse effects of drug and alcohol abuse or misuse.
- C. Prohibit the unlawful manufacture, distribution, dispensing, possession or use of controlled substances.
- D. Encourage employees to seek professional assistance any time personal problems, including alcohol or drug abuse or misuse, adversely affect their ability to perform their assigned work duties.

This policy is designed to:

- A. Detect the use of prohibited drugs by urine or saliva testing.

- B. Detect the misuse of alcohol by breath testing.
- C. Deter the misuse of drugs and alcohol by providing education and training about the safety and health ramifications of substance abuse.

**Revised: 5/00
2/20**

This policy is intended to comply with all applicable federal and state regulations for prevention of prohibited drug and alcohol use as well as standards for drug and alcohol testing. The U.S. Department of Transportation (DOT) regulations are found in 49 CFR, Part 653 and Part 654, as amended, and 49 CFR, Part 40, as amended, and State of Oklahoma regulations are found in OAC 310:638 and Title 40 O.S. § 551 et seq.

Scope. All City employees are subject to the provisions of this policy, including employees who are required to have a current Commercial Driver's License (CDL) as a condition of employment. Employees performing safety-sensitive work on City vehicles (such as maintenance mechanics and their supervisors) are subject to the requirements of the FTA-specific CDL provisions of this policy.

STATEMENTS OF POLICY:

Treatment and Rehabilitation. The City of Midwest City is invested in its employees' health and welfare and realizes that members within the organization may develop an issue with drug and/or alcohol abuse. The City provides an Employee Assistance Program (EAP) for employees to reach out to, confidentially, if they determine that they need treatment or rehabilitation, as well as medical plan coverage for both inpatient and outpatient treatment. The Human Resources Director is the administrator of and contact for the EAP. When this opportunity is appropriately taken, the employee may use accrued leave for treatment and rehabilitation. Employees who believe they may have an alcohol or drug usage problem are encouraged and expected to voluntarily seek confidential assistance from the EAP. However, it is the policy of the City of Midwest City that these attempts be made prior to the failing of a drug or alcohol test. Once a test is failed and verified, it becomes a matter of employee misconduct and therefore subject to disciplinary action, up to and including termination.

Prohibitions. This policy prohibits the following:

- A. The unauthorized use, possession, manufacture, distribution or sale of an illegal drug, controlled substance or drug paraphernalia on City property or while on City business, or in City supplied vehicles, or during working hours.
- B. The unauthorized use, possession, manufacture, distribution or sale of alcohol on City premises, or while on City business, or in City supplied vehicles, or during working hours.

- C. Storing any illegal drug, drug paraphernalia or any controlled substance whose use is unauthorized, or any container of alcohol, in or on City property (including vehicles). Unopened containers of alcohol in a private vehicle parked on City property shall not be a violation of this policy, provided all container seals and original packaging are intact and unbroken.
- D. Reporting to work, or working, while under the influence of illegal drugs or alcohol, whether on City premises or on City business, or in City vehicles.

**Revised: 5/00
2/20**

- E. Failing to notify the employee's supervisor, before beginning work, that the employee is taking medications or drugs which may interfere with the safe and effective performance of duties.
- F. Refusing to immediately submit to an alcohol or drug test when requested by a supervisor, in accordance with this policy.
- G. Failing to provide, by the next work day following a request, a valid prescription for any drug or medication identified when the results of a drug test are positive. If the employee is taking prescription drugs, the prescription **must** be in the employee's name.
- H. Refusing to submit to an inspection as described in the enforcement section of this policy when requested by a supervisor, in accordance with this policy.
- I. Failing to adhere to the requirements of any drug or alcohol treatment program in which the employee is enrolled: (a) as a condition of continued employment; or (b) pursuant to a written agreement between the City and the employee.
- J. Violating any criminal drug or alcohol statute while working, or conviction under any criminal drug statute.
- K. Failing to notify the City of any arrest or conviction under any criminal drug or alcohol statute by the next work day following the arrest or conviction.

Medical Marijuana: It is important to note that the Federal Government lists marijuana as an illegal drug. While medical marijuana may now be legal in Oklahoma, employees in safety-sensitive positions and employees in non-safety-sensitive positions who do not possess valid medical marijuana licenses should understand that it is a violation of the City's drug policy and procedure to test positive for THC in a post-accident, random, for-cause, return to duty, or follow-up drug test. This also applies to pre-placement drug tests. An employee's status as a medical marijuana license holder shall not be taken

into consideration by the City in the instance of a positive THC result for employees in safety-sensitive positions. Any City employee found to be in possession of, consuming, or under the influence of marijuana while working, representing the City, on City-related business, or while on or in City property shall be subject to disciplinary action, up to and including termination, for misconduct in violating this policy. "Under the influence" includes observable appearance, behavior and/or conduct. **New 2/20**

Safety-Sensitive Positions: Positions that are designated as "safety-sensitive" are exempt from medical marijuana protections. Safety-sensitive positions include those positions that the City reasonably believes affect the safety and health of others. As defined by statute, some safety-sensitive positions include, but are not limited to, positions that work with hazardous materials, operate vehicles or machinery, maintain equipment, work with utilities, prepare/handle food and/or medicine, carry a firearm, qualify as police/peace officers or firefighters, or care for patients or juveniles and children. Safety-sensitive designations shall be included in applicable job descriptions and vacancy postings. **New 2/20**

Managerial Responsibility for Enforcement. Risk Management and Human Resources shall be responsible for enforcement of this policy with the direct cooperation of departmental managers and supervisors. The City will provide training to all managers authorized to act under this policy in evaluating and working with substance abuse issues in the workplace.

Enforcement. When there is a reasonable suspicion to believe that an employee's job performance and/or behavior may be impaired by drugs or alcohol, the supervisor shall take the steps outlined in the "for-cause" testing section of this policy to address the situation. The employee may be directed to submit an alcohol/drug test and/or be subject to search of property in which the City maintains control or joint control with the employee.

Impairment. It is the responsibility of all City employees to report any behaviors of employees that indicate potential impairment by drugs or alcohol to their supervisor and/or manager. These reports shall be addressed by the supervisor and/or manager with urgency and in as much confidence as the specific circumstance allows.

Drug and Alcohol Testing. Testing under this policy generally means a urinalysis or oral fluid test for drug testing and an evidential breathalyzer test for alcohol testing, administered under approved conditions and procedures conducted for the sole purpose of detecting drugs and alcohol. Other methods are allowed by Oklahoma State Department of Health Rules OAC 310:638-1-4 for initial detection of the presence for drug and/or alcohol. Hair testing is also allowed for initial and confirmation drug testing. Saliva is also allowed for initial alcohol testing; additionally, blood testing is allowed for initial and confirmation testing for alcohol.

**Revised: 5/00
2/20**

Drug Testing by Urinalysis: The room where the sample is obtained must be private and secure. Documentation shall be maintained that the area has been searched and is free of any foreign substance. For all general employees, CDL holders and individuals tested under the reasonable suspicion or for-cause standard, no observer shall be present when the initial sample is collected. In the event that there is evidence that a sample has possibly been altered or adulterated by the donor (e.g., temperature outside the range of 32-37° C/90-100°F) or that the sample is a substance other than urine, another specimen will be taken under the direct supervision of a collection site person of the same gender as the donor, and both specimens shall be forwarded to the testing facility for testing. Standard and lawful procedural actions shall be taken in all tests to ensure the sample is from the subject and was actually passed at the time noted on the record.

Each step in the collection and processing of the urine specimen shall be documented to establish procedural integrity and the chain-of-custody. Unless specifically noted, all testing will be done using SAMHSA procedures and threshold levels. Specimen samples shall be sealed and labeled. Samples shall be stored in a secure and refrigerated atmosphere. A large enough sample will be taken to allow for a second, follow-up test.

Drug Testing by Oral Fluid (saliva): Unlike urinalysis, the testing of saliva does not require the quarantine of a restroom. The donor is given an oral swab by the collector. This swab is placed inside the donor's mouth, under the tongue. When an adequate amount of saliva has been collected, the swab is then placed in transport tube by the donor and handed to the collector. As with urinalysis, each step in the collection and processing of the saliva specimen shall be documented to establish procedural integrity and the chain-of-custody. Specimen samples shall be sealed and labeled. A large enough sample will be taken for a second, follow-up test. **New 2/20**

Fraudulent Samples: Any employee providing false information about a urine, saliva or breath specimen or who attempts to contaminate such sample shall immediately be placed on administration leave (pending testing results) and be subject to discipline, up to and including termination. Any applicant providing false information about a urine, saliva or breath specimen or who attempts to contaminate such sample shall be removed from hiring consideration. **New 2/20**

Drug Test Classifications: Under this policy, and in accordance with state and federal law, there are different classifications of workplace drug and alcohol testing. The following describes each classification:

- I. **Pre-Employment Testing:** The City shall conduct post-offer, pre-employment testing examinations designed to prevent the hiring of individuals who use illegal drugs or abuse prescription drugs. All selected applicants for positions within the City, except for temporary employees, are required to pass a post-offer, pre-employment drug and alcohol test prior to being hired. The test is a condition of employment and will be administered after a

conditional offer of employment has been made and prior to any tentative start date. Applicants that hold a current CDL license will be required to submit to a DOT drug/alcohol test if the applicant is to perform or may perform job tasks that require the operation of CDL class vehicles. The test consists of the submittal of both a urine or saliva sample and a breath alcohol test at a facility under the direction and arrangement by the Human Resources Department.

Any applicant who fails or refuses to submit to such testing shall be denied employment. A confirmed positive test for illegal drugs or alcohol will exclude an applicant from being hired, regardless of position applied for. A confirmed positive test for THC will automatically exclude an applicant for a safety-sensitive position from being hired.

All applicants, except Police Officers and Firefighters, will be tested under the procedures contained in this policy which are consistent with the procedures for CDL holders. Pre-employment testing for prospective Police Officers and Firefighters will be done according to the drug and alcohol testing protocols and standards that are on file in the office at the State Police or Fire Pension System. Confirmation testing will be conducted using Gas Chromatography-Mass Spectrometry. The urine sample shall be retained for 12 months by proper storage method to allow for further testing if necessary.

- II. For-Cause Testing:** Title 40 O.S. § 554 states that a public employer may request or require an employee to undergo drug or alcohol testing at any time there is reasonable cause to believe that the employee may be under the influence of drugs or alcohol or has violated this policy, including, but not limited to, the following circumstances:
- A. When a reasonable suspicion exists that the employee or another person has sustained an injury, or property of the City has been damaged as a direct result of the employee's substance abuse;
 - B. Drugs or alcohol are found to be on or about the employee's person or in the employee's vicinity;
 - C. Conduct on the employee's part that suggests impairment or influence of drugs or alcohol;
 - D. A report of drug or alcohol use while at work or on duty;
 - E. Information that an employee has tampered with drug or alcohol testing at any time;
 - F. Negative performance patterns; or
 - G. Excessive or unexplained absenteeism or tardiness.

When a supervisor and/or manager notices or an employee reports noticing an employee exhibiting any of the above (or other suspicious) behaviors, the supervisor and/or manager shall not delay in addressing the situation. Upon becoming aware of the situation, the supervisor shall:

- A. Observe the employee's behavior and speech;

- B. Temporarily suspend employee's involvement in any safety-sensitive activity;
- C. Keep the employee in the location under supervision;
- D. Document in writing the facts constituting cause;
- E. Communicate with management the concern;
- F. Contact Risk Management and report the concern;
- G. Obtain written statements from any reporting employees; and
- H. Maintain decorum and confidentiality for all parties involved.

Once the supervisor has established cause and Risk Management has been contacted:

- A. The employee shall be interviewed by both the supervisor and a witness, (minimum supervisor level), preferably from Risk Management.
- B. All parties involved with the interview of the employee shall be in full agreement that cause has been established.
- C. Upon the conclusion that cause exists, Risk Management shall communicate the situation to Human Resources and ensure that appropriate management has been notified.
- D. Risk Management shall immediately arrange for drug and alcohol testing of the employee.
- E. The employee is to remain under direct supervision once cause is established. They are to be visible at all times and NOT allowed to use the restroom or drink anything.
- F. The Risk Management representative shall take the employee directly to the testing facility.
- G. In the matter of for-cause testing, all substances allowed by law to be tested through urine or saliva sampling shall be tested for.
- H. The employee shall, in accordance with this policy, provide accurate contact information (a minimum of two (2) phone contacts) to both the testing facility AND Risk Management to ensure a Medical Review Officer (MRO) can contact the employee if need is established.

When the employee's test has been submitted, the following shall take place:

- A. The employee shall be placed on administrative leave, pending results.
- B. The results will be evaluated by the laboratory as stated in this policy.
- C. Any initial positives shall be forwarded to the MRO for evaluation.
- D. The MRO will contact the employee for an interview. The employee shall, in compliance with this policy, make themselves available to the MRO and shall cooperate with this process.
- E. The MRO then determines if there are any legitimate medical reasons for a positive test through the interview with the employee, review of the employee's medical records or a request that the employee be seen by a MRO approved physician.
- F. Once notified by the MRO, the employee has a right to request that the B bottle of the original specimen be tested.
- G. The MRO verifies results as negative, positive, refused, or cancelled.

The results of the drug test are communicated to Risk Management and by Risk Management to Human Resources. The employee will be notified by mail of the results as well. In the case of a negative result the employee shall be allowed to return to work, yet may be recommended to consult with the EAP Professional to address the behavior that originally constituted cause.

In the case of a confirmed positive, the employee shall remain on administrative leave. The employee shall be referred to a SAP for evaluation and determination of intervention level. In addition, as this is an issue of employee misconduct, the matter will be turned over to the Human Resources Director. The issue of discipline is addressed in the Discipline section of this policy.

- III. Non-DOT Random:** As a provision of this policy, as well as in accordance with DOT and pension system requirements, the City of Midwest City conducts random drug and alcohol testing. Throughout the calendar year, (at least quarterly), all City employees in safety-sensitive positions will be subject to such testing. These individuals include, but are not limited to, Police Officers and Firefighters, employees with drug interdiction responsibilities, employees authorized to carry firearms, employees engaged in activities which directly affect the safety of others, employees who drive city vehicles, employees working in direct contact with juveniles, jailors, and supervisors of the above enumerated employees. Ten (10%) percent of the total Police and Fire employees will be subject to random testing on an annual basis.

The selection process for random drug testing for the City of Midwest City is as follows:

- A. Safety-sensitive employees' names are kept and maintained on an Excel spreadsheet by department.
- B. An additional list is established for employees that are subject to DOT mandated drug and alcohol testing.
- C. Each list has the employees' names with a corresponding line number.
- D. Each drawing sample is inputted onto a random sequencing generator online and the sequence is generated. That sequence is immediately printed and becomes the drawing. Each drawing sample pulled from the computer has the date and time of the drawing. The printed random sequence shall remain with all documentation regarding the random test.
- E. The drawing sample is then compared to the spreadsheet and, depending on the department size, the pre-determined amount of numbers; from top down is what determines who the selected individuals shall be. For example, if department size determines that four people are to be tested, the first four numbers of the random sequence are the compared to the spreadsheet. The name(s) coinciding with the selected number(s) is the selected person(s) and shall report for the drug and alcohol test.

- F. Upon the determination of the person(s) drawn, an equal amount of "alternate" number(s) will determine the alternate(s) for the primary drawing. These alternates shall be selected using the original random sequence list that determined the primary selectees.
- G. In the event that an employee that has been selected to submit for a test is not at work the day of the test, the pre-drawn alternate will report to the testing site instead. If both the primary and alternate selectees are absent the day of the test, the department head and designee shall submit written notification to the Risk Management office that the employee and alternate are/were absent at the time of testing. This must be done within 24 hours of the testing process.

How the testing works:

- A. Once notified of the test, the employee is to report directly to the test site immediately with their identification. If a manager has been notified in the morning that an employee is to report for a random drug and alcohol test in the afternoon, the employee shall NOT be notified until it is time to report for testing. Once the employee is notified, THEY MUST report to the testing site immediately.
- B. Employees ARE NOT allowed to stop anywhere along the way for ANY reason. An employee that does not follow this directive exactly will be in violation of this policy and subject to disciplinary action based on that violation.
- C. The selected employees are not allowed to bring any food or beverage to the testing site.
- D. Once at the testing site, the employee will not be allowed to leave the building for ANY reason including, but not limited to, to get an ID from their vehicle, smoke, or lock their vehicle, without being under the direct supervision of a certified testing agent or a member of Risk Management.
- E. Employees shall fill out the appropriate non-DOT form after signing in. Any contact information provided on the forms shall be ACCURATE and ACTIVE. In the event that a MRO needs to contact the employee, the employee must submit to that interview process as a condition of compliance with this policy.
- F. The employee(s) shall follow the directions and instructions of the testing facility personnel while submitting samples.
- G. *For Urine Testing:*
 - 1. Under initial testing, the employee will be allowed privacy when giving the sample. Direct supervision is not allowed.
 - 2. The employee must provide enough of a sample that the sample can be divided into two adequate samples.
 - 3. If the employee is unable to provide a sample at the time they report to the test site, they have two (2) hours from the time that they sign in to produce a sample. Not submitting a sample within that time period is considered a failed test.
 - 4. In the event the sample provided by the employee has been tampered

with, i.e., temperature out of range, suds, discolored, etc., the sample will be deemed adulterated and the employee shall be required to submit a second sample.

5. When submitting a second sample due to suspected adulteration, the sample will be provided under direct supervision of a same-gender tester. If one is not available at the test site, the employee shall be driven by Risk Management or their supervisor to a testing facility immediately.

H. *For Oral Fluid Testing:*

1. The employee will be provided an oral swab by the collector to obtain the sample.
 2. The employee must keep the swab under their tongue long enough to obtain the adequate amount of saliva.
 3. The swab is then placed inside the transport tube and labeled by the collector.
- I. Breath alcohol testing results are provided to the employee at the time of testing.
- J. Drug testing results are generated at the laboratory and may take up to 48 hours to receive results.
- K. Any initial positives shall be forwarded to the MRO and a subsequent investigation will begin.
- L. Employees shall cooperate and be truthful with the MRO as a condition of this policy.
- M. Results of drug and alcohol testing are to be communicated to the employee by mail from the Human Resources Department.

IV. DOT Random Testing: Many City of Midwest City employees are holders of CDL licenses. In accordance with federal mandate, these licensees are subject to random DOT testing. DOT regulations require 25% of CDL drivers to be randomly tested each year. DOT random drug testing shall be conducted independently from non-DOT testing and on a different date.

- A. The random DOT drawing shall be conducted by establishing a spreadsheet of all CDL holders (where their job with the City requires or could potentially require the employee to operate a class of vehicle that requires the CDL), regardless of department.
- B. Of these employees a drawing of an adequate amount of employees to meet the 25% requirement will be drawn utilizing the method stated in the previous section of this policy.
- C. When the employee reports to the testing site, they will be required to complete the DOT testing form.
- D. DOT regulations require that drug testing be performed by urinalysis.
- E. Once a DOT sample has been taken, the sample is processed through a DOT certified laboratory.
- F. Initial positive results are processed as they are in non-DOT testing. A MRO will contact the employee in the result of an initial positive.

- V. Post-Accident Testing:** In the event that an employee is involved in an accident while operating a city vehicle or while on City business, under specific criteria, employees in safety-sensitive positions and CDL drivers shall be required to submit to post-accident drug and alcohol testing. Employees who are not in safety-sensitive or CDL driver positions may be subject to post-accident drug and alcohol testing. Post-accident testing will be conducted in accordance with federal regulations for DOT operators or under the provisions of this policy for non-DOT operators/employees. The only exception is in the case where a suspicion of potential drug or alcohol use of the driver has been determined at the accident scene, at which point, the employee will be required to submit to a for-cause test.

The criteria for post-accident testing are as follows:

- A. Any accident that results in the loss of human life, regardless of issuance of citation.
- B. Any accident that results in the immediate need of medical treatment away from the scene in which the employee receives a citation.
- C. Any accident that results in the requirement of any vehicle to be towed from the scene and the employee receives a citation.
- D. In the event that the accident is under more extensive investigation to determine fault, the employee shall submit to post-accident testing.

If a City of Midwest City employee is in an automobile/equipment accident, Risk Management is to be notified immediately. Risk Management shall report to the accident scene to assist in the determination and subsequent facilitation of post-accident testing.

The employee involved in the accident is not allowed to leave the scene, unless emergency medical attention is required. If the above criteria are met, the employee will not be allowed to drive until the testing is completed and negative results verified. The supervisor and/or manager of the employee must find a substitute driver of the vehicle, if it is drivable, to assume that responsibility. The employee is to be driven to the testing facility immediately upon being released by investigating officers, by Risk Management or the employee's supervisor if Risk Management is unable to leave the scene. Employees ARE NOT allowed to be driven by any level below supervisor. The employee is to be taken directly to the facility. An employee refusing to submit to post-accident testing is considered to have failed the test and is subject to both the provisions of this policy and federal mandate.

In addition to the driver of a CDL vehicle, technicians who have worked on the CDL class vehicle and their immediate supervisors are subject to post-accident testing, provided that the potential cause of the accident was the failure of a recently repaired component(s). For example, a technician will be tested if he/she had worked on a truck's brake system just prior to an accident and it is determined that a brake problem contributed to the accident.

- VI. Follow-up or Return to Work Testing:** When an employee has tested positive for drugs or alcohol during a random or post-accident test, the same provisions apply as for all employees in the section above on Discipline and/or Treatment/Rehabilitation. In addition, the following specific rules apply:
- A. Employees will be referred to a Substance Abuse Professional (SAP) as part of their return to work requirements.
 - B. The employee must comply with any recommended rehabilitation.
 - C. The employee must have a negative retest before being permitted to return to work.
 - D. Unannounced follow-up tests will be conducted at least 6 times within the first 12 months after an employee returns to work.
 - E. Testing may be extended for a period of up to 60 months after the return to work.
 - F. Any follow-up random testing will consist of an alcohol test and drug test.

Written acknowledgment will be required from the employee stating that he/she will be subject to random follow-up testing for a period not to exceed 60 months.

Failure to successfully complete a treatment process or to comply with the return to work standards shall be grounds for termination of employment.

Drugs Tested For: The laboratory shall test for the specific drug classes at levels that meet or exceed the limits hereafter set forth by the Oklahoma Workplace Drug and Alcohol Testing Act and Oklahoma State Health Department Regulations, OAC 310:638, as amended. All specimens identified as positive on the initial test shall be confirmed using gas chromatography-mass spectrometry or its equivalent as approved by the Commissioner of Health.

Samples will be collected and tested only by laboratories certified by the State Board of Health. The sample collection will be performed under reasonable and sanitary conditions with sufficient quantity for splitting into two specimens. This procedure allows for subsequent independent analysis in the event of a challenge of a confirmed positive test.

Individual privacy will be respected in the process of sample gathering. However, procedures will be followed to reasonably reduce the likelihood for substitutions or tampering.

The City has contracted with a reputable, qualified facility which ensures confidentiality of testing, maintains records of the chain of custody, provides the individual an opportunity to confidentially provide information that may affect the test results and follows procedures that ensure an individual an opportunity to obtain a confirmation test.

The City pays for all costs of testing, including confirmation tests. If the individual requests a retest in order to challenge a confirmed test, that individual pays the costs for

retesting. Only if the retest reverses the original confirmed test is the City required to reimburse the individual for the retest costs.

Results of Drug Testing. The laboratory will review the results of the test and determine if the sample contains any illegal drug, or legal drug or alcohol at levels that would cause impairment or reveal its use in an illegal manner. The lab director will also review the medical history made available by the individual when a confirmed positive test could have resulted from a legally prescribed medication.

For all CDL holders, technicians and other City employees, the results shall be forwarded immediately to the designated Medical Review Officer (MRO) for further review. The Human Resources Department will send a copy of the drug testing results to the employee's home address or hold the results for the employee to pick up at his/her option.

Evaluation of Legal Drug Use. In the case of legal drug use that may affect an employee's ability to perform his/her job safely, the designated MRO shall require the individual to provide, by the next scheduled work day, a verification of a valid current prescription for the drug(s) identified. If the applicant tests positive for THC, the MRO will ask the applicant if they have a license and will refer the applicant to the Human Resources Director. The Human Resources Director, or designee, will make a copy of and verify the medical marijuana license. Applicants will be dropped from eligibility or the employee will be subject to disciplinary action when:

- A. Verification of a valid prescription is not provided;
- B. The prescription or license provided is not in the subject's name.
- C. In the case of medical marijuana, the relevant position has been designated as a safety-sensitive position.

Drug / Alcohol Test Failure: When there is a confirmed presence of any illegal drug or legal drug that has, in the opinion of the Lab Director/designated MRO, no reasonable explanation, the subject shall be deemed to have failed the test. The employee will be advised of the positive test result by the testing facility's MRO. The employee shall be afforded the opportunity to have the original urine/saliva sample retested. Retests must be requested within 72 hours after the notification of an initial positive test.

A laboratory representative or the MRO will contact the City and inform of the initial positive in the event there is no medical validation (valid prescription) for the class of drug the employee tested positive for. In the event that an employee tests positive for THC (marijuana), this result shall be reported to the City, regardless of the employee's status as a medical marijuana license holder. Once this notification has been made, the employee will be placed immediately on administration leave, pending re-test results, results of any investigation and/or disciplinary measures.

A re-test will be done by the original lab (at the City's expense), unless the employee wishes to pay for a re-test at a different laboratory. The second test must be done under SAMHSA procedures or, for a CDL holder, by a SAMHSA certified lab. If the subject declines a re-test or a re-test confirms the results of the initial test, the Human Resources Director shall be notified and shall determine appropriate action.

When there is the confirmed presence of alcohol (equal or greater to .02) the subject shall be deemed to have failed the test. When there is a confirmed presence of alcohol at the .02 level or greater, the employee is deemed to be unable to work safely and will be sent home for the remainder of his/her work shift. The employee shall take leave without pay. The employee will not be permitted to use sick leave, vacation leave, compensatory time or any other earned leave. The employee will return to work after a minimum period of 24 hours or upon the conclusion of any administrative investigation (whichever period is greater).

In the case of job applicants, the lab director or designated MRO shall notify the applicant of the positive test result. An opportunity to have the original urine/saliva sample retested at the applicant's expense shall be afforded. The applicant must request the re-test within 72 hours. If there is a confirmed positive test, the applicant shall be removed from eligibility for hire. In the event that an applicant tests positive for THC (marijuana), this result shall be reported to the City, regardless of the applicant's status as a medical marijuana license holder. Pre-employment test results for Firefighters or Police Officers will be forwarded directly to the applicable State Pension System. A copy will be sent to the Human Resources Director.

Refusal to Test: An employee that refuses to submit to drug and alcohol testing shall be considered to have failed the test and be subject to the same disciplinary action as testing positive for illegal drugs and/or alcohol. Several actions are considered a refusal to test in addition to a verbal refusal. They include, but are not limited to:

- A. Failing to appear in a timely manner for any test as directed to do so;
- B. Failing to remain at testing site until testing process is complete;
- C. Failing to provide a urine, saliva or breath sample for any test required by this policy;
- D. Failure to provide sufficient urine, saliva or breathe sample when directed, unless followed by a required medical evaluation resulting in an adequate medical explanation of the failure;
- E. Failure to undergo the required medical evaluation resulting from failure to provide a sufficient sample for testing ("shy bladder" or "shy lung" procedures);
- F. Failure to take a second test when directed to do so;
- G. Failure to cooperate with any part of the testing process;
- H. Providing a specimen that is verified as adulterated or substituted;
- I. Failure to permit the observation or monitoring while providing a urine sample. (Please note, tests conducted under direct supervision only occur in limited situations. The majority of specimens are provided in private.);
- J. Possessing or wearing a prosthetic or other device that could be used to interfere with the collection process; or
- K. Admitting to the collector or MRO that the specimen is adulterated or substituted.

Discipline. As with any issue of employee misconduct, an appropriate investigation and assessment of circumstances will be made. It is the policy of the City of Midwest City to not tolerate the abuse of alcohol or drugs while in the workplace. Employees are provided the opportunity and support to address drug and alcohol abuse issues on a

voluntary basis. The failing of a drug or alcohol test indicates the employee's unwillingness to adhere to the provisions of this policy. Disciplinary action, up to and including termination, shall be determined separately from any rehabilitation measures determined by the Substance Abuse Professional (SAP). The Human Resources Department is responsible for facilitating any investigation, interview, or Administrative Review Board (if necessary).

Negative Test Results. Employees who have been tested for drugs and alcohol, where no substance abuse was found, shall receive notice of such findings from the Human Resources Department. A copy of this notice will not be placed in their Human Resources file, unless requested by the employee. A record of the negative results shall be placed in a confidential folder in a separate, secured file maintained by the Human Resources Department.

In the case of job applicants, the Human Resources Department will be notified and the applicant is clear for hire in regard to drug and alcohol testing.

Confidentiality. Laboratory reports of positive test results shall not appear in an employee's general Human Resources folder. Information of this nature will be placed in a separate confidential medical folder that will be maintained by the Human Resources Department.

Incidents or circumstances that result in an employee submitting to a drug and alcohol test are confidential and shall be treated as such with the exception of the following:

- A. Positive reports or test results shall be disclosed to the department head only on a need-to-know basis.
- B. If disciplinary action has been determined to include any form of drug/alcohol surveillance through periodic random testing, the department head shall be informed of the parameters of that directive.
- C. Disclosures without patient consent, may also occur when
 1. the information is compelled by law or by judicial or administrative process;
 2. the information has been placed at issue in a formal dispute between the City of Midwest City and the employee;
 3. the information is to be used in administering an employee benefit plan such as for drug or alcohol treatment; or
 4. the information is needed by Human Resources for the diagnosis or treatment of the patient (employee) who is unable to authorize disclosure.

Record Retention Requirements. The City shall maintain all records related to drug and alcohol testing for each CDL holder in a secure location with controlled access. All documents sent by the laboratory or the collection site shall be kept.

Revised: 5-1-00

The following records shall be maintained for a minimum of five (5) years:

- A. Records of alcohol test results indicating an alcohol concentration of .02 or greater.

- B. Records of verified positive drug test results.
- C. Documentation of refusal to take required alcohol and/or drug tests.
- D. Evaluations and referrals.
- E. Copy of annual report.

Records related to alcohol and drug collection process and training shall be maintained for a minimum of two (2) years.

Records of negative and canceled drug test results and alcohol test results with a concentration of less than 0.02 shall be maintained for a minimum of one (1) year. No records containing driver information required by this policy will be released except as follows:

1. Upon written request of the employee;
2. Upon written authorization of the employee;
3. Records may be disclosed to a decision-maker in a lawsuit, grievance, or other proceeding initiated by or on behalf of the employee, including, but not limited to, a worker's compensation, unemployment compensation or other proceeding relating to a benefit sought by the employee.

Substance Abuse Professional: Regardless if the employee has failed a non-DOT or DOT drug and alcohol test, the employee will be referred to a Substance Abuse Professional (SAP). This is to occur, by law, regardless if employment is retained by the City of Midwest City.

The role of the SAP is to professionally evaluate the employee and make appropriate recommendations in regards to education, treatment, follow-up tests and aftercare. The SAP recommends the re-entry program and determines when a safety-sensitive employee can be returned to duty.

The City of Midwest City is not obligated, regardless of the SAP's recommendations, to return the employee to work.

Responsibilities of Employees

Employees are responsible to adhere to the provisions of this policy. In the event that an employee is having an issue with drug or alcohol abuse, they must utilize the resources available to them through the City prior to any drug/alcohol testing.

When an employee submits to any form of drug and alcohol testing, they shall provide valid contact information to the testing facility. It is the responsibility of the employee to provide correct and legible contact information. In the event that an employee has an initial positive result, the MRO must be able to reach the employee. Deliberately avoiding communication with the MRO convolutes this process and is subject to disciplinary action.

It is each employee's responsibility to determine from his/her healthcare provider whether or not any drug or substance the employee is taking would impair job performance. Job descriptions are available for the employee to provide to their healthcare provider to establish this and it is required that the employee communicate any possibility of impairment to their supervisor prior to beginning work.

It is also the responsibility of any employee who personally observes or has personal knowledge of another employee who is in a condition which impairs that employee's ability to perform his/her job duties or poses a hazard to the safety and welfare of him/herself, the public, other employees or equipment, to immediately report the incident to his/her immediate supervisor or any other supervisor in the employee's chain of command.

CITY OF MIDWEST CITY

EMPLOYEE ASSISTANCE PROGRAM

The City of Midwest City is aware that many personal or health problems can and do interfere with an employee's ability to perform his/her job. These problems may include abuse of alcohol or drugs.

Employees whose job performance problems are not related to a lack of skill and who do not respond satisfactorily to the usual disciplinary procedures are often in need of the attention of professionals. With proper treatment, many troubled employees can be restored to a satisfactory level of job performance.

To assist these troubled employees, the City offers an Employee Assistance Program (EAP) as part of the Health Benefits Program. Assessment, counseling, referral and follow-up are provided for employees whose personal or health problems are interfering with their job performance. The cost of such services are the responsibility of the employee. Some costs may be covered by the health benefits program and details of coverage may be obtained from the Human Resources Department. Also, the health benefits plan document provided to you gives details of coverage. The EAP can be accessed by an employee without a referral by a supervisor. In a self-referral, the employee contacts an EAP counselor directly.

The City's supervisors are responsible to confront an employee when they see changes in performance that suggest a substance abuse problem. The supervisor may suggest that the employee voluntarily seek help from the EAP or decide that the severity of the observed problem is such that an involuntary referral to the EAP is appropriate.

Informal referrals can take place at any time apart from or during the disciplinary process or if an employee confides in a supervisor that he/she is having problems of a substance abuse nature. In an informal referral, the supervisor will inform the employee of the benefits of the EAP and give the employee the needed information to contact a counselor. In an informal referral, the EAP counselor will not tell the supervisor whether the employee used the EAP and will not divulge any information to the supervisor about any visit with the employee.

Through a formal referral, the supervisor directs the employee to make use of the EAP. Failure to use the EAP may result in disciplinary action up to and including termination. In a formal referral, the supervisor or the Human Resources Director may contact an EAP counselor to discuss the employee's problem. The EAP counselor will ask the employee to sign a waiver allowing the counselor to call the supervisor or the Human Resources Director and tell him/her whether the employee saw the counselor and followed recommendations. No detailed information is revealed to the supervisor or the Human Resources Director.

Supervisors should not attempt to diagnose the nature of the employee's problem. However, they should be alert to changes in behavior that may signal a problem such as:

- ** absenteeism
- ** chronic lateness
- ** personality change
- ** decline in work quality
- ** unusual behavior

SUBORDINATION TO OTHER LAWS/REGULATIONS

All provisions of this policy are subordinate to all federal or state laws and regulations. Any changes in such rules or regulations shall be incorporated into this policy.

POLICY DISTRIBUTION

A substance abuse policy will be distributed to all current City employees and shall be included in the Human Resources Policies and Procedures Manual.

CONTACT PERSON:

Any questions about or assistance with any aspect of the Substance Abuse Policy should be directed to the Human Resources Director at 739-1235 during business hours or 405-508-4865 after hours, on weekends and holidays.
