To: Chairman and Planning Commission

From: Billy Harless, Community Development Director

Date: March 2, 2021

Subject: (MP-14) Discussion and consideration of approval of the Estates of Midwest City No. 1 Minor Plat located in the NW/4 of Section 36, T-12-N, R-2-W of the Indian Meridian, Oklahoma County, Oklahoma.

Executive Summary: This minor plat is being requested to divide one 7.47 acre parcel into two (2) individual parcels. Originally, the parcel was zoned R-1-D, single family residential. In February of 1980, the majority of the frontage along N. Douglas was rezoned to C-1, Restricted Commercial. In October of 1980, the remainder of the lot was rezoned to R-4, High Density Residential. Although the parcel was then governed by two separate zoning districts, it has never been subdivided or until recently, developed. In 2019 a building permit was issued for The Estates of Midwest City, a senior housing development. Construction on that development is nearly complete. This application is being requested to allow the owners to subdivide/separate the two existing zoning districts. The boundaries of Lot 1 and Lot 2 follow the existing zoning boundaries. As required for a minor plat, all required infrastructure is existing. No public improvements are required with this application. Action is at the discretion of the Planning Commission and City Council.
**Dates of Hearing:** Planning Commission – March 2, 2021  
City Council – March 23, 2021

**Ward:** Ward 3, Españiola Bowen

**Owner:** The Estates of Midwest City LP – David Rhodes

**Applicant:** Aaron Gaspers, CFS Engineers

**Land Use:** The R-HD portion (proposed Lot 1) is nearing the end of construction for multi-family/senior housing. The C-1 portion (proposed Lot 2) is presently vacant.

**Size:**
The area of request has frontage along N. Douglas of approximately 329.74 feet and a depth of approximately 986.03 feet, containing an area of approximately 7.47 acres, more or less.

**Municipal Code Citation:**
**Subdivision Regulations**  
Sec. 38-20.1. Purpose  
The purpose of a minor plat is to provide a limited means for simple land division under certain circumstances, which result in minimal lot creation.

In circumstances where adequate infrastructure, easements, and right-of-way already exist and the extension of any City facilities to serve any lot within the subdivision is not required, then a minor plat may be suitable as an instrument to subdivide one lot into three or fewer lots.

In agreement with the intent of this subdivision ordinance, minor plats are intended to ensure that public facilities are available and will have sufficient capacity to serve the proposed subdivision. Additionally, minor plats are intended to ensure the future growth and development of the entire city by ensuring new development does not hinder the provision of public facilities and services to neighborhood and nearby properties.

**History:**
1. (PC-458) A portion of the lot was rezoned from R-1-D, single family residential to C-1, restricted commercial in February of 1980.
2. (PC-485) The remaining R-1-D zoned land was rezoned to R-4, high density residential in October of 1980.
3. The official zoning map of 2010 identified the zoning for the parcel as C-1, restricted commercial and R-HD (formerly R-4), high density residential.
4. February 2019, a building permit was issued for The Estates of Midwest City, a multi-family/senior housing development.
Engineer’s Comments:
Note: This application is for the minor plat of 500 N Douglas Boulevard.

Public Improvements
The requirements of the public improvements can be found in the subdivision regulations under:
Sec. 38-20.3(a) (4) The proposed plat shall meet all subdivision ordinance requirements (e.g., improvement of substandard streets, per subsection 38-42.3(b)(2)).

Water
An existing eight (8) inch water line runs throughout the proposed Lot 1 and along the southern edge of proposed Lot 2. Therefore, all the proposed lots already have public water access. No further improvements required.

Sanitary Sewer
An existing twelve (12) inch sanitary sewer line runs along the east side of N Douglas Boulevard and there are extensions into the proposed Lot 1. Therefore, all the proposed lots already have public sanitary sewer access. No further improvements required.

Stormwater
The proposed development is creating (2) lots out of one (1) large existing commercial lot. The proposed Lot 1 already has a developed storm system. Proposed Lot 2 will be considered separately when a building permit is submitted with detention required. Both lots drain to an existing drainage ditch running along N Douglas Boulevard, draining to the north where it intersects Soldier Creek Tributary 4. The recent road project was underway the same time as development of the proposed Lot 1 and efforts were taken to work on a seamless design. However, there are a few grade issues between the improvement which were caused by conflicts with shallow City sanitary sewer, AT&T fiber, and medium pressure ONG line. As a result, future improvements to that ditch may require efforts from franchise utilities, City utilities, and the developer.

Street
N Douglas Boulevard is listed as a Primary Arterial (Divided) in the 2008 Comprehensive Plan. It was recently resurfaced in 2020 and is to current standard.

Sidewalk
A five (5) foot sidewalk exists across the frontage of the proposed lots and is in compliance with current American with Disabilities Act (ADA) regulations.

Easements
Subdivision Regulations requires that all existing, dedicated, and proposed rights-of-way and easements are depicted on the plat. As required, these are reflected on the plat as shown.

Lighting
Public street lighting is not required of this development since there are no areas within the extents of the development where street lighting is warranted by City policy. Lighting currently exists along N Douglas Boulevard.
Signage
Public street signage is not required of this development since there are no intersecting roadways within the extents of the development and N Douglas Boulevard is already a publicly maintained roadway.

Drainage and Flood Control, Wetlands, and Sediment Control
The area of request is shown to be in an "Area of Minimal Flood Hazard" meaning no floodplain on Flood Insurance Rate map (FIRM) on map number 40109C0330H, dated December 18th, 2009.
Drainage and detention improvements are not required with this application but will be required with any new commercial building permit on the proposed Lot 2.
Fire Marshal’s Comments:
The fire department has reviewed the application for MP-14. The property is required to meet and maintain the requirements of Midwest City Ordinances Section 15.

Staff Comments:
As noted in the Executive Summary and also in the history, this parcel was rezoned twice in 1980. It was originally zoned single family residential. First, the portion shown on this proposed minor plat as Lot 1 was rezoned to R-4, High Density Residential. That zoning designation changed to R-HD with the 2010 Zoning Ordinance. Later, the remaining portion of the lot shown on this proposed minor plat was rezoned to C-1, Restricted Commercial. The property was never subdivided into two (2) lots. Until recently, no development has occurred on any portion of the parcel.

In 2019, a building permit was issued for The Estates of Midwest City, a senior housing development, on the R-HD portion of the lot. That development is nearing completion and only lacks a few final inspections as of this writing.

The applicant is applying for this minor plat to subdivide the existing 7.47 acre tract into two (2) individual parcels. The proposed lot lines follow the R-HD and C-1 zoning boundaries.

As all required public infrastructure is already existing for the area of request, a minor plat application is the most appropriate means of subdividing the parcel.

Action Required: Approve or reject the Estates of Midwest City No. 1 Minor Plat for the property located as noted herein, subject to the staff comments and found in the March 2, 2021 agenda packet and made a part of MP-14 file.

Subject: (PC-2073) Public hearing with discussion and consideration of an ordinance to redistrict from C-1, Restricted Commercial to R-6, Single Family Detached Residential, for the property described as Block 7, Lot 4 of the Country Estates Third Addition, addressed as 419 Russell Drive.

Executive Summary: This is a request to rezone the property from C-1, Restricted Commercial to R-6, Single Family Detached Residential to C-3, Community Commercial. In 2008, a permit was issued to expand the paving at this location for a parking lot. A Certificate of Occupancy was also issued in 2008 allowing a real estate office at this location. The real estate business has since moved and the new owner of the property would like to use the structure as a residence rather than an office. Aside from a laundry business to the east, this property is surrounded by residential structures. The applicant has verified that the parcel as is with the structure and parking lot does not exceed the maximum allowable impervious surface coverage of 65% in the R-6 zoning district. No variances are being requested. Any future construction would be required to meet the minimum requirements of the Zoning Ordinance for the R-6, Single Family Detached Residential zoning district. Action is at the discretion of the Planning Commission and City Council.

Dates of Hearing: Planning Commission – March 2, 2021
City Council – March 23, 2021

Applicant: Krista Borrego, Trinity Property Management, LLC

Owner: Robert Macias

Proposed Use: one single family residential home

Size:
The area of request has a frontage of approximately 81’ along Russell Dr. and a depth of approximately 92’ containing an area of approximately .17 acres or 7,405 square feet, more or less.
Development Proposed by Comprehensive Plan:
Area of Request – Low Density Residential (LDR)
North and West – Low Density Residential
South and East – Office Retail (OR) and Low Density Residential (LDR)

Zoning Districts:
Area of Request – R-6, Single Family Detached Residential
North, South and West – R-6, Single Family Detached Residential
East – C-1, Restricted Commercial

Land Use:
Area of Request – vacant structure
North and West – single family residential homes
South – single family residence and structure used for the Garden Club
West – Reno Swim & Slide
Municipal Code Citation:
2.7. R-6, Single-Family Detached Residential District
2.7.1 General Description
The R-6, Single-Family Detached Residential District is intended for single-family residences on lots of not less than 6,000 square feet in size. This district is estimated to yield a maximum density of 5.1 gross dwelling units per acre (DUA). Additional uses for the district shall include churches, schools and public parks in logical neighborhood units.

History:
1. No record can be found of when parcel was zoned from residential use to C-1, Restricted Commercial.
2. September 23, 2008 a Certificate of Occupancy was issued for a real estate office at the area of request.
3. The 2010 Zoning Map identified this parcel as C-1, Restricted Commercial.

Staff Comments:
Engineer's report:
Note: No engineering improvements are required with this application.

Water Improvements
There are two public water mains bordering the proposed parcel; an eight (8) inch line along the west side of Key Boulevard and a six (6) inch line running along the west/south side of Russell Drive. Any new building permit will require tie into the public water system as outlined in Municipal Code 43-32.

Sanitary Sewerage Collection and Disposal
Immediately bordering the proposed parcel is an eight (8) inch public sanitary sewer along the north/east side of Russell Drive. Additionally; there is an eight (8) inch public sanitary sewer main which terminates at the northwest corner of the parcel on the west side of Key Boulevard. Any new building permit will require tie into the public sewer system as outlined in Municipal Code 43-109.

Streets and Sidewalks
Access to the area of request exists off Russell Drive and Key Boulevard. Russell Drive is classified as a Local Road in the 2008 Comprehensive Plan. Key Boulevard is classified as an Existing Collector in the 2008 Comprehensive Plan. There is a large driveway which exists off Key Boulevard. This particular drive is wider than current standard allows and will not be able to be modified in the future unless the width is reduced.

Drainage and Flood Control, Wetlands, and Sediment Control
The area of request is shown to be in an “Area of Minimal Flood Hazard” on Flood Insurance Rate Map (FIRM) number 40109C0310H, dated December 18th, 2009.

Easements and Right-of-Way
No further easements or right of way would be required with this application.

Fire Marshal’s report:
The property is required to meet and maintain the requirements of Midwest City Ordinances Section 15.
Chief Building Official’s report:
After inspection of 419 Russell Dr it has been determined that the structure meets the minimum requirements to be a residential dwelling as outlined in the 2015 International Property Maintenance and Residential Building Codes as amended and adopted by the City of Midwest City.

Plan Review Comments:
This is an application to rezone the parcel located at 419 Russell Dr. from C-1, Restricted Commercial to R-6, Single Family Detached Residential.

The applicant plans to leave the existing structure and use it as a single family detached residence. The Current Planning Manager and Chief Building Official inspected the structure on February 21, 2021 and found it to meet the requirements for a residential dwelling unit.

While the structure was used as an office, a parking area was poured. In the R-6, single family residential zoning district, a maximum of 65% of the lot can be used for buildings and pavement. The applicant measured the driveway and parking area which total approximately 2,300 square feet. The structure on the lot is 819 square feet. The paving and building areas total 3,119 square feet. The lot is 7,452 square feet. 65% of 7,452 is 4,843 which means that the paving and building areas are under the 65% maximum coverage.

Staff sent notices out to all property owners within 300 feet of the area of request. As of this writing, staff has received no calls or letters of protest.

Action is at the discretion of the Planning Commission and City Council.

Action Required:
Approve or reject the ordinance to redistrict to R-6, Single Family Detached Residential, for the property as noted herein, subject to staff comments as found in the March 2, 2021 agenda packet and made a part of PC-2073 file.

APPROVED as to form and legality this ______ day of ________________, 2021.

HEATHER POOLE, City Attorney
To: Chairman and Planning Commission

From: Billy Harless, Community Development Director

Date: March 2, 2021

Subject: (PC-2074) Public hearing with discussion and consideration of an ordinance to redistrict from C-3, Community Commercial, to SPUD, Simplified Planned Unit Development governed by the C-4, General Commercial district, and a resolution to amend the Comprehensive Plan from OR, Office/Retail to COMM, Commercial, for the property described as a part the SW/4 of Section 34, T12N, R2W, and addressed as 422 N. Air Depot Blvd.

Executive Summary: This is a request to rezone the property from C-3, Community Commercial to a SPUD, Simplified Planned Unit Development, governed by the C-4, General Commercial district. An auto mechanic shop is currently being operated at this location. The owner met with staff and stated that he would like to operate a car sales lot on the property which is not an allowable use in the C-3 district. An application to rezone this parcel to C-4 was denied by the City Council in January 2020. The applicant has submitted this SPUD application and added additional controls for the property. These are listed in the planning section of this report. If approved, all C-3 uses would be allowed on the property with the one C-4 use of automotive sales and rentals: light. No additions or modifications to the existing structure are requested with this application. Action is at the discretion of the Planning Commission and City Council.

Dates of Hearing: Planning Commission – March 2, 2021
City Council – March 23, 2021
Council Ward: Ward 4, Sean Reed

**Municipal Code Citation:**
2.26 SPUD, Simplified Planned Unit Development

2.26.1 General Description
The simplified planned unit development, herein referred to as SPUD, is a special Zoning district that provides an alternate approach to conventional land use controls to produce unique, creative, progressive or quality land developments.

The SPUD may be used for particular tracts or parcels of land that are to be developed as one unit according to a master development plan map.

The SPUD is subject to special review procedures and once approved by the City Council it becomes a special zoning classification for the property it represents.

2.25.2 Intent and Purpose
The intent and purpose of the simplified planned unit development provisions are to ensure:

(A) Innovative development
   Encouraging innovative development and protect the health, safety and welfare of the community.

(B) Efficient use of land
   Encourage efficient use of land, facilitate economic arrangement of buildings and circulation systems;
(C) Appropriate limitations and compatibility
Maintain appropriate limitations on the character and intensity of use, assuring compatibility with adjoining and proximate properties, and following the guidelines of the comprehensive plan.

Comprehensive Code Citation:
Commercial
Areas designated for commercial land use are intended for a variety of commercial uses and establishments with outside storage, display and sales. Examples of such uses include automobile-related services, manufactured home sales, self-storage units, welding shops, and pawnshops. Commercial uses often located along major thoroughfares not because they need the visibility, as retail uses generally do, but because they need the accessibility. The challenge lies in the fact that commercial uses often have a greater need for outside storage areas and these areas tend to lessen the visual quality of major thoroughfares.

History:
1. The property was designated as C-3, Community Commercial, at the time of adoption of the 1985 Zoning Map.
2. A request to rezone this parcel to C-4, General Commercial was denied by the City Council January 12, 2021 (PC-2062)

Staff Comments:
Engineer Brandon Bundy’s report:
Note: No engineering improvements are required with this application.

Water Supply and Distribution
A twelve (12) inch public water main is located along the east side of Air Depot Boulevard. Any building permit will require tie into the public water system as outlined in Municipal Code 43-32.

Sanitary Sewerage: Collection and Disposal
There are two eight (8) inch public sanitary sewers bordering the site. One runs along the east side of Air Depot Boulevard and another runs along the east edge of the property. Any building permit will require that connection to the public sanitary sewer as outlined in Municipal Code 43-109.

Streets and Sidewalks
Access to the area of request exists off Air Depot Boulevard which is classified as a Secondary Arterial in the 2008 Comprehensive Plan. City sidewalks currently exist along the frontage of Air Depot Boulevard.

Drainage and Flood Control, Wetlands, and Sediment Control
The area of request is shown to be in an “Area of Minimal Flood Hazard” meaning no floodplain on Flood Insurance Rate map (FIRM) on map number 40109C0310H, dated December 18th, 2009.
Drainage and detention improvements are not required with this application but any additional paving will be required to drain west over the property to Air Depot Boulevard. No additional water can be directed to the north or south than existing.
Easements and Right-of-Way
No further easements or right of way would be required with this application.

Fire Marshal Duane Helmberger’s report:
The property is required to meet and maintain the requirements of Midwest City Ordinances Section 15.
- Fire department access is required around entire facility, car sales placement cannot cover a 20’ wide fire lane that is required. The fire lane is required to be properly marked.
- The fire land shall be continuous from the North to South entrances, the fire land shall be designed to hold the imposed weight of 75,000 lbs.
- Tires are not allowed to be allowed in storage units unless done in accordance with the International Fire Code.
- A inspection shall be completed for the interior of the business prior to the issuance of a Certificate of Occupancy for this location.

Neighborhood Services Director Mike Stroh’s report:
The property at 422 North Air Depot Boulevard has taken care of all issue that we have pointed out and has continued to keep the property clear of any code violations that we would have. The property has continued to stay clear of any violations since our last inspection, over a month ago.

Plan Review Comments:
The applicant has met with staff and would like to operate a car sales business from the parcel addressed as 422 N. Air Depot Blvd. The parcel is currently zoned C-3, Community Commercial which does not allow car sales and only allows limited outdoor merchandise display/storage. This application is a request to rezone the parcel to Simplified Planned Unit Development, SPUD, governed by the C-4, General Commercial district to allow all C-3 uses and the one C-4 use of automotive sales and rentals: light.

All parking for customers and merchandise (cars for sale) must be permanent paved hard surface. There is an area in the rear, eastern portion of this lot that has been used for vehicle storage before. If this request is approved, this area must be paved with hard surface pavement prior to issuance of a Certificate of Occupancy for car sales. The applicant has outlined in his planning statement that he only plans to operate during the hours of 8 am to 7 pm Monday through Friday and 8 am to 5 pm on Saturdays.

At this time, there are no proposed additions or alterations to the existing structure. If alterations are proposed in the future, a building permit is required and all alterations must meet all requirements of the municipal code.

Action is at the discretion of the Planning Commission and City Council.
Action Required:
Approve or reject the ordinance to redistrict to SPUD, Simplified Planned Unit Development for the property as noted herein, subject to staff’s comments as found in the March 2, 2021 agenda packet and made a part of PC-2074 file.
