This statue in Town Center Plaza honors our City's founder, W.P. "Bill" Atkinson who bought the land in the area that would become Midwest City after hearing speculation that an airfield would be built nearby. Midwest City was incorporated on March 11, 1943 and named for the airfield's original designation as the Midwest Air Depot.

Good Neighbor Property Maintenance

PROPERTY MAINTENANCE BENEFITS

Did you know that good property maintenance contributes to protection of property values for all homes and businesses in that area?

PROPERTY MAINTENANCE AND CRIME

There have even been some recent studies that link increases in crime with litter, lack of lawn maintenance (failure to cut grass), and letting the lawn become extremely dry and brown.

We can all do our part in keeping our community beautiful by keeping our property in good repair. In addition, you can report properties in poor condition to the Midwest City Code Enforcement Office in our Neighborhood Services Department at 405-739-1005.

Some of the common reported conditions are:

- Grass and weeds higher than 12 inches
- Accumulations of weeds, trash, debris, or junk
- Poorly maintained or dilapidated structures (sheds, garages, fences)

- Major vehicle repair activity (including body work and painting) or a vehicle repair business in a residential area
- Unauthorized parking in a yard (soft surface parking)
- Property maintenance such as homes in need of painting or roofs in disrepair that are no longer structurally sound

Call Police Dispatch at 405-739-1388 to report:

- Storing vehicles or recreational vehicles on streets instead of using off-street parking areas
- RVs or utility trailers parked or stored on residential streets for loading or unloading purposes for more than 72 hours.

Call Stormwater at 405-739-1040 to report:

- Piles of dirt or sand or areas that cause problems with dust

Call Building Permit Desk at 405-739-1211 to report:

- Building without proper permits

Let's Keep Midwest City Beautiful and Safe!

All properties and buildings in our community are to be kept and maintained free of problems and conditions that could be considered unsightly or unsafe. Each property owner maintains his or her property to the curb or street, keeping sidewalks free of debris, weeds, and obstructions. Please note that there are fines, penalties, and possible abatement or even liens against the property for those who violate the City's municipal codes.

Good Neighbor Practices

BUILDING PERMITS

The City of Midwest City has adopted the State Building Codes to ensure a consistent standard of quality and safety for the construction of all homes, additions, accessory structures, or any other type of building.

If you are considering construction of any type or size, you should contact the Building Permit Desk to check local building regulations and permitting requirements. By doing this, you will help avoid costs to repair or correct poor-quality work performed by unscrupulous contractors.

Contact the Building Permit Desk at 405-739-1211.

OUTDOOR BURNING

Brush and tree limbs can be burned with a permit. Ninety-day permits are \$25, and one-year permits are \$75. Call the Fire Department at 405-739-1340 for more information.

ANIMALS

For animal-related concerns, please contact the Animal Welfare Department at 405-739-1400. Some of the most common concerns are:

- Stray animal running loose in a neighborhood
- Owned animal that is not contained by the resident
- Lack of food, water, or shelter for a pet
- Deceased animal in the roadway

If at any time you feel your life is threatened by an animal or if you have an animal-related emergency after business hours, please call 9-1-1 for assistance.

SPAY AND NEUTER YOUR PETS

Spaying and neutering can dramatically reduce the number of animals on our streets. Stray animals pose a problem for our community. They cause car accidents, frighten children, and frequently end up in our shelter.

Every year millions of cats and dogs are euthanized or suffer as strays. According to WebMD Pets, some other reasons to spay and neuter:

- Our pets will live a longer, healthier life.
 - Your neutered male will be much better behaved and won't want to roam away from home.
 - It's cost effective compared to the cost of having and caring for a litter.
-

Good Neighbor Practices

TAKE AN ACTIVE ROLE!

You can take an active role in keeping your neighborhood safe by reporting any disruptions of public peace or violations of public safety. Some common violations are:

- Suspicious persons or vehicles
- Property vandalism, including graffiti
- Speeding vehicles
- Loud noises or music from homes or vehicles to the extent it can be heard outside the property boundary or vehicle
- Door-to-door solicitors who don't have the required permit
- Discharging fireworks within the city limits
- Illegal dumping or burning without a permit
- Illegal drug activity

- Uncollected mail, newspapers, and cobwebs can give the impression that no one is at home.
- Keep all outdoor storage sheds, pool houses, and other exterior buildings securely locked.
- Keep garage doors, vehicles, and home doors closed and locked at all times.
- Ground floor doors or windows which are open, unlocked, or have broken glass can be inviting to an intruder.

- Don't leave valuables or other items of interest in plain view in any vehicles parked outside.
- Install a wide-angle peephole viewer in all doors where visitors are admitted to your home.
- Keep your doors and windows locked when you are home.
- Don't leave window shades or blinds open when you are away from home.

The city council appoints a city manager who is responsible for supervising government operations and implementing the policies adopted by the council.

CITY MANAGER

The city manager functions as the chief executive of the government organization. Like a private CEO does for a company, the city manager serves as the chief advisor to the city council in addition to overseeing the operations of the organization.

COUNCIL

The city council is the legislative body for the City. Its role is to adopt laws and policies to govern the City. The city council members are elected by residents of the individual wards they represent.

You can find information about the Midwest City council members at www.midwestcityok.org/citycouncil

MAYOR

The mayor is an equal voting member of the city council who is elected at large by the residents of the City.

The Mayor presides over council meetings and officially represents the City in the

community as well as on the state and national level.

RESIDENTS

Under the council-manager form of government, Midwest City actively engages and involves residents in the community to serve on boards and commissions, and to participate in public meetings and visioning sessions.

COUNCIL MEETINGS

The regularly scheduled meetings of the Council/Authorities are held in the Council Chambers. Find a full schedule of council and committee meetings at www.midwestcityok.org/citycouncil.
